

Dear Western Oregon BLM,

I do not support, and am adamantly ^{✓ 80} against, the increased logging specified by the Western Oregon Plan Revision. To log even one more tree from these old growth forests to benefit a few lumber companies is completely unethical. These are our heritage forests and will never be grown again. Money for county/city operations can come from other sources.

Please do not implement this Plan.

Sincerely,

Name: Sarah Douglas

Address: 96 W. 20th Ave.

Eugene, OR 97405
