Western Oregon Plan Revisions

PO Box 2965

Dear Mr. Shepard,

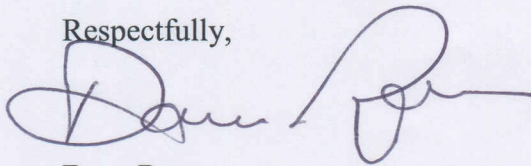

Please accept the following comments on the BLM's DEIS for the Revision of the Resource Management Plans for Western Oregon:

After review of the summarized options, I feel option #2 is in the best interest of Oregonians. It presents to most reasonable plan in managing our forest and provides economic growth to those communities which are involved in the 'managing' process.

These communities need this plan to be enacted. Please listen to the voice of the people.

Thank you for your time.

Respectfully,

Dave Ross
