US Bureau of Land Management
Western Oregon Plan Revision
P. O. Box 2965
Portland, OR 97208

We write today in opposition to this BLM plan, a revision subservient to the needs of today and destructive to those of the future. The Western Oregon Plan Revision (WOPR) does not express wise management, tripling logging and cutting old growth. This is not the way to get needed revenue.

We are writing the governor, our county commissioner, and our federal representatives. The answer is to pass legislation that pays the O&C counties to store these resources for the public benefit.

Our forests are a national treasure, not a bank account to draw upon. We strongly oppose the WOPR. Stay with the no action alternative.
