Revising the BLM's Resource Management Plans in Western Oregon

B. L. M. and OIC lands are designated by congress to provide a sustainable timber supply as well as developed recreation facilities; However, the public domain lands are not subject to this same timber standard yet are intended to be managed as such. As a OHV recreation emphasis areas be removed from the OIC timber harvest quotas and managed to promote an an old growth L. S. R. forest regime. L. S. R. forest conditions are more desirable for O. H. V. Recreation, and better for the environment as a whole.
