Dear BLM

This letter is to let you know what I think of BLM's WOPR
I do not like the idea of selling the timber to fix a
funding problem. Even if it did fix the funding problem
what happens after we run out of timber to cut?

I do like the idea of selective cutting the timber.

I like the idea of the forest helping keep our air &
water clean.

I do not think you should log the old growth forests

Yours Truly
D. R. Holbrook
