Revising the BLM's Resource Management Plans in Western Oregon

To BLM,

Dec 21, 2007

Thank you for this opportunity to comment.

I am a retired professional Forester. I served for many years, managing the forests owned by the state of Oregon in Coos, Douglas, & Curry Counties.

I am writing in total support of the Position paper prepared by the Executive Committee of the Coos chapter of the Society of American Foresters (SAF), which recommends Option 2 of the WOPR.

Both the silvicultural and economic soundness of this Option argue for its adoption.

I have worked as a practicing Forester for the state of Oregon here in Coos County for 37 years and have raised my family here. It is clear to me that the active management of these Federal lands is a major responsibility of the Federal Government. Hundreds of families rely on the honesty, integrity, ethics, and morality of your agency to fairly implement the OOC Act of 1937, as promised. Don't let the wealthy radicals starve our families, please! Continue on reverse
