Dear BLM,

The WOPR is the most disgusting
selloff of Oregon & the (once) Great
Northwest Ancient Old Growth forests
I have yet observed!!! Please
stop this rip off "plan". If this
goes forward it will destroy what
precious little is left of our Old
Growth forests and endanger
wild life, and the very life of the
whole planet, which scientists are
showing concrete evidence of global
warming as this ~~is~~ WOPR is being
planned! How dare you be so
blatantly greedy ~~and~~ I hope that
you are only somehow misinformed
& that you listen to the public outcry!!

Sincerely,
Eric Nicholson
