B L M

Just recently I heard about the WOPR program. I bought my home here, at 600 Crooke Creek Road, over 15 years ago. It was so beautiful - near the lovely B L M Land, untraced & welcome to hike on, or even ride horses. Quiet pleasures, not like the terrible noise from off road vehicles. Also, talking about taking some of the beautiful trees, for ~~the~~ lumber. That would so ruin the beauty for so many people. Not only property owners.

I am now 79 years of age. My doctors are amazed at how well I am, and very alert, they say I am doing as well as someone 20 years younger. If I have to see the destruction of the land I have come to love, in the next few years, it will certainly destroy the peace and comfort I have found here.

People Please consider all messages, so anxious, that you not consider following this program, at this time.

Sincerely yours,

Arline Kramer Day

600 Crooke Creek Rd. Selma, Or. 97539
