

To whom it may concern;

I understand that the area where I am now living is possibly going to be designated as an Off-Highway Vehicle Emphasis Area. I am opposed to it. One reason that I moved here was to get away from traffic and noise. Also, it could also cause an increase in vandalism and litter.

Also, it may cause an increase in forest fires. Many people are careless. I am very much against it.

Sincerely,

Donald W. Jones
