Revising the BLM's Resource Management Plans in Western Oregon

Dear BLM,

I've been riding motorcycles on public land and mostly John's Peak since the early 80's. Since then, I have a son who is now 12 and he has been riding up there for six years. Since then, the BLM hasn't turned over a shovel of dirt, put up a single sign, or designated a single trail. The sport is continually growing along with the need for some actual management of this legitimate sport. If the BLM would actually take an active roll in the "Management" of our public land, there would be much fewer conflicts.

Sincerely,
 Dave Buckalew
