Revising the BLM's Resource Management Plans in Western Oregon

In my ATV riding - I see only 1 hiker to every 10-12 ATVs. Hikers have other areas surely, so I see little conflict

we are responsible and careful caretakers of our trail systems. We have economic impact & are a large contribution to cost of trail maintenance.

I also hunt in areas where I ride and have seen no detriment to Hunting & Fishing from our ATV use.

Please keep the historic limits as previously used. There is no need for a reduction in our land use.
