Revising the BLM's Resource Management Plans in Western Oregon

RECEIVED

Please keep the same areas open, please. There are no real valid reasons for closing them or moving them. ~~the~~ Some of people who are wanting the areas closed are moving into these areas knowing that these are riding areas. I've ridden in the same areas for 40 yrs. and the environment has not changed for the worse.

Also people are going to ride and if these areas are closed they will ride on private property, theirs or some one elses spreading the environmental impact and noise to a wider area.

Thanks for your consideration
