Oatman Mountain Communication Sites Renewals
DOI-BLM-AZ-P020-2010-0021-CX

A. Background

BLM Office: *Lower Sonoran Field Office (LSFO)*

Lease/Serial/Case File No.: AZAR-023850 & AZAR-026225

Proposed Action Title/Type: R/W Renewals

Location of Proposed Action: T. 4S., R. 9W., Section 25

Description of Proposed Action: The American Tower Corporation and the Qwest Corporation have applied separately to renew existing rights-of-way (AZAR-023850 and AZAR-026225) for communication sites located on Oatman Mountain. The renewals would allow no additional rights to be conveyed beyond those granted by the original authorizations.

B. Land Use Plan Conformance

Land Use Plan (LUP) Name: Lower Gila South Resource Management Plan/EIS

Date Approved/Amended: June 0, 1988

The proposed action is in conformance with the applicable LUP because it is specifically provided for in the following LUP decision(s):

The proposed action is in conformance with the LUP, even though it is not specifically provided for, because it is clearly consistent with the following LUP decision(s) (objectives, terms, and conditions):

Lower Gila Resource Area processes a variety of land actions in the Lower Gila South RMP/EIS area - rights-of-way, communication sites, easements, permits, and unauthorized occupancy. All land cases could continue to be evaluated on a case-by-case basis.

C: Compliance with NEPA:

The Proposed Action is categorically excluded from further documentation under the National Environmental Policy Act (NEPA) in accordance with 516 DM 2, Appendix 1, or 516 DM 11.5: E.(9). Renewals and assignments of leases, permits, or rights-of-way where no additional rights are conveyed beyond those granted by the original authorizations.

This categorical exclusion is appropriate in this situation because there are no extraordinary circumstances potentially having effects that may significantly affect the environment. The proposed action has been reviewed, and none of the extraordinary circumstances described in 516 DM 2 or 516 DM 11.5 apply.

I considered: The proposal is to renew two existing authorizations (AZAR-023850 & AZAR-026225) where no additional improvements are anticipated. Therefore, no pertinent design features have been incorporated into the project design, and therefore there is no potential for significant impacts.
