

## Important Information about Dumont Dunes Passes

Annual Passes purchased during the month of September are \$10 off

Regular weekly passes are \$30.

Holiday weekly passes are \$40.

Annual passes are available from BLM for \$90 or \$120. A \$90 pass does not include holidays so a holiday upgrade must be purchased for \$10 for each holiday week.

Passes are good for 7 days, but if you will be at Dumont for any of the following holiday dates you will need a holiday pass

October 29- Nov 4            Nov 25 - Dec 1

Dec 30 - Jan 5 2009        Jan 14-20

Feb 11-17

Now, if you buy a pass near a holiday week, the sales person may ask what days you are going out. For example, if you buy a pass Jan 10, a 7 day pass would include several “holiday days”. If you were only going out for the non-holidays, such as Jan 10-12, the salesperson may date the pass for Jan 10-Jan 13 to avoid the Jan 14 – Jan 20 holiday period. This would allow you to buy a \$30 pass as you would not be at the dunes during a holiday. If you wanted the pass for the full 7 days it would include holiday days so you would need a \$40 pass.

You need a pass for each vehicle driven into the dunes---not for your trailer and green sticker vehicles in your truck or trailer, but only for the primary vehicle you drive in with when you enter and exit.

All passes must display your last name and the license plate number of your vehicle. Passes can not be given to someone else. Passes may be taken from you by BLM employees if you violate a rule at the dunes.
