NEPA ADEQUACY CRITERIA:

1. Is the Proposed Action substantially the same action and at the site specifically analyzed in an existing document?

Documentation of answer and explanation: The Proposed Action is substantially the same action and at the site specifically analyzed in an existing document CO-WRFO-01-14-EA.

2. Was a reasonable range of alternatives to the Proposed Action analyzed in the existing NEPA document(s), and does that range and analysis appropriately consider current environmental concerns, interests, and resource values?

Documentation of answer and explanation: A reasonable range of alternatives to the Proposed Action was analyzed in the existing NEPA document CO-WRFO-01-14-EA, and that range and analysis appropriately considers current environmental concerns, interests, and resource values.

3. Does the information or circumstances upon which the existing NEPA document(s) are based remain valid and germane to the Proposed Action? Is the analysis still valid in light of new studies or resource assessment information?

Documentation of answer and explanation: The information or circumstances upon which the existing NEPA document CO-WRFO-01-14-EA is based remains valid and germane to the Proposed Action. The analysis is still valid in light of new studies or resource assessment information.

4. Does the methodology and analytical approach used in the existing NEPA document(s) continue to be appropriate for the Proposed Action?

Documentation of answer and explanation: The methodology and analytical approach used in the existing NEPA document CO-WRFO-01-14-EA continues to be appropriate for the Proposed Action.

5. Are the direct and indirect impacts of the Proposed Action unchanged from those identified in the existing NEPA document?

Documentation of answer and explanation: The direct and indirect impacts of the Proposed Action are unchanged from those identified in the existing NEPA document CO-WRFO-01-14-EA.

6. Are the cumulative impacts that would result from implementation of the Proposed Action unchanged from those analyzed in the existing NEPA document(s)?

Documentation of answer and explanation: The cumulative impacts that would result from implementation of the Proposed Action are unchanged from those analyzed in the existing NEPA document CO-WRFO-01-14-EA.

7. Is the public involvement and interagency review associated with the existing NEPA document(s) adequate for the Proposed Action?

Documentation of answer and explanation: The public involvement and interagency review associated with the existing NEPA document CO-WRFO-01-14-EA is adequate for the Proposed Action.

INTERDISCIPLINARY REVIEW: Identify those team members conducting or participating in the NEPA analysis and preparation of this work sheet (by name and title).

The proposed action was presented to, and reviewed by the White River Field Office interdisciplinary team on 01/06/04.
