Tell Us What Trails You Use

The Bureau of Land Management (BLM) is preparing to designate routes for motorized, mechanized, and non-mechanized uses. BLM has inventoried motorized, mechanized, and non-mechanized travel routes. In June 2007, BLM will host public workshops to allow the public the opportunity to review BLM's inventory for accuracy and completeness.

To provide your input, you may either attend a meeting (see box for dates & locations) or print an online comment form/map and mail it to a BLM Field Office (address below). Maps that show the inventoried trails and routes will be available at the workshops and on the project web site (www.blm.gov/rmp/co/kfo-gsfo). Submit the form/map to the addresses below by **July 20, 2007**.

BLM will follow up after the meetings and comment period by ground-truthing any trail or route inconsistencies.
