Raft Other, Explain _____

As a NWRAC member, what issues are important to you?

All issues concerning multiple uses and preserving open space for future generations while allowing for current energy and recreational needs.

How long have you served on the RAC? Just starting

Tell us more about you.

Grew up as an "Army Brat" living and traveling both abroad and around the US but Colorado has been my home for many years. My husband is a native whose great grandmother ran the stage stop on Gore Pass. As a result, I have done much reading about the history of Northwest Colorado and spent many hours camping and trail riding. Last summer my husband and I took the mustangs we had adopted and trained on the "Outlaw Trail", a 125 mile, weeklong ride from the Hole in to Wall to Thermopolis, Wy. Besides breeding and raising foundation breed quarter horses, I enjoy working with stained glass.

*Member biographical sketches will be posted on the NWRAC web site.
