### Notice of Competitive Lease Sale Oil and Gas

The Bureau of Land Management, Eastern States, is pleased to announce that we will offer for competitive sale certain Federal lands in Arkansas (ES-001 thru ES-097), Louisiana (ES-098 thru ES-099) and Mississippi (ES-100 thru ES-120).

This notice describes—

1. the time and place of the auction,
2. how to register for and participate in the bidding process,
3. the conditions of the auction,
4. how to file a pre-sale noncompetitive offer, and
5. how to file a noncompetitive offer after the auction.

#### When and where will the auction take place?

- When:** The competitive oral auction will begin at **10:00 a.m. on September 7, 2006**. The sale room will open one hour earlier to allow you to register and get your bidding number.
- Where:** We will hold the auction at The Bureau of Land Management, Eastern States, 7450 Boston Boulevard, Springfield, Virginia 22153. Parking will be available at the sale site.
- Access:** The auction room is accessible to persons with disabilities. If you need an auxiliary aid or service to participate in the auction, such as a sign language interpreter or materials in an alternate format, please contact Sherlena Clark at (703) 440-1552 by August 7, 2006.

## **How do I register as a bidder?**

You have to register and get a bidding number to participate in the sale. A Bidder Registration Form is included in this package. We will have copies available at the auction site. We will begin registering bidders at 9:00 a.m. on the day of the sale.

## **How do I participate in the bidding process?**

The auctioneer will offer the parcels on the list attached to this notice in number order. Only registered bidders may make oral bids. All bids are on a per-acre basis for the entire acreage in the parcel. The winning bid will be the highest oral bid equal to or exceeding the minimum acceptable bid. The decision of the Auctioneer is final.

The minimum acceptable bid is \$2 per acre or fraction thereof. If the parcel has fractional acreage, round it up to the next whole acre. For example, a parcel of 100.5 acres requires a minimum bid of \$202 (\$2 x 101 acres). After the auctioneer has offered all parcels, you may request that any unsold parcel be re-offered.

## **What are the terms and conditions of a lease issued as a result of this sale?**

6. **Term of the lease:** A lease is issued for a primary term of 10 years. It continues beyond that if it has production in paying quantities. We charge a royalty of 12.5 percent of the value of oil or gas removed or sold from a lease. You will find other lease terms on our standard lease form (Form 3100-11, October 1992 or later editions).

7. **Stipulations:** Some parcels are subject to surface use stipulations. They are requirements or restrictions on how you conduct operations. These stipulations are included in the parcel descriptions on the attached list. They become part of the lease and supersede any inconsistent provisions in the lease form.

## **What are the terms of the sale?**

8. **Withdrawal:** We reserve the right to withdraw any or all parcels from the sale before the auction begins. If we withdraw any parcels, we will post a notice in the Public Room at the Eastern States Office. You may also get the numbers of withdrawn parcels by contacting Sherlena Clark at (703) 440-1552. If we cancel the sale, we will try to notify all interested parties in advance.

9. **Payment:** You cannot withdraw your bid; it is a legally binding commitment to sign the lease bid form; accept the lease; and pay on the day of the auction the bonus bid, the first year's rent, and an administrative fee. The bonus bid is a deposit of at least \$2.00 per acre or fraction thereof. The first year's rent is \$1.50 per acre or fraction thereof. The **administrative fee is \$130** per parcel (Effective November 7, 2005 (70 F.R. 194, pages 58854-58880, Oct. 7, 2005)).

You must pay the minimum bonus bid, first year's rental and administrative fee by 4:30 p.m., at the Eastern States' accounting office. You can pay the entire amount of your bid on the day of the auction; but, if you don't, **you must pay the balance by September 21, 2006**, which is the 10<sup>th</sup> working day following the day of the auction. If you do not pay the balance in full by this date, you forfeit the right to the lease and all monies paid to us. If you forfeit a parcel, we may offer it for sale at a later auction.

**10. Form of payment:** You can pay by personal check, certified check, money order, or credit card (VISA, MASTERCARD, AMERICAN EXPRESS, or DISCOVER). Make a check payable to: **Department of the Interior–BLM**. We do not accept cash. If a check you have sent us in the past has bounced (been returned for insufficient funds), we will require that you give us a guaranteed payment, such as a certified check.

**11. Bid form:** Successful bidders must submit a signed competitive lease bid form (Form 3000-2, Oct. 1989) with their payment on the day of the auction. This form is a legally binding offer by a prospective lessee to accept a lease and all applicable terms and conditions. We recommend you get the form and complete part of it before the auction, leaving part to be filled out at the auction. Your completed bid form certifies that you are qualified to be a lessee under our regulations at 43 CFR Part 12 and Subpart 3102.5-2. It also certifies that you must comply with 18 U.S.C. 1860, a law prohibiting unlawful combinations, intimidation of or collusion among bidders.

**12. Issuance of a lease:** We (the BLM) will issue your lease within 60 days of the sale date by signing the lease form, provided you have paid your fees and rent. The effective date of a lease is the first day of the month following the month in which we sign the lease. We can make it effective the first day of the month in which we sign it, if we receive your written request before we sign the lease.

### **How do I file a noncompetitive pre-sale offer?**

Under our regulations at 43 CFR 3110.1(a), you can file a noncompetitive pre-sale offer for lands that –

13. are available;
14. have not been under lease during the previous one-year period; or
15. have not been included in a competitive lease sale within the previous two-year period.

If no bid is received on them, your pre-sale offer gives you priority over any offer filed after the auction. In the list of parcels attached to this notice, we have used an asterisk to mark any parcel that has a pending pre-sale offer. By filing a pre-sale offer, you are consenting to all terms and conditions of the lease, including any stipulations for listed on the attachment to this notice.

To file a pre-sale offer, you must send us --:

16. a standard lease form (Form 3100-11, Oct, 1992 or later edition), which is properly filled out, as required by the regulations under 43 CFR 3110. (**Note: You must copy both sides of the form on one page. If you copy the form on 2 pages, we will reject your offer. We will also reject offers on obsolete lease forms.**);

17. the first year's advance rental in the amount of \$1.50 per acre or fraction thereof; and  
18. **a nonrefundable administrative fee in the amount of \$335.00.**

**NOTE:** You cannot file a pre-sale offer for any lands included in the parcel list attached to this notice.

### **How do I file a noncompetitive offer after the auction?**

You may be able to get a noncompetitive lease for a parcel we offered if –

19. we did not withdraw it from the sale;
20. it did not receive a bid; and
21. it does not have a noncompetitive pre-sale offer pending.

Parcels that meet all these criteria are available on a first-come, first-served basis for two years from the date of the auction. If you want to file a noncompetitive offer for an unsold parcel immediately after the sale or on the next business day, give us the items listed above under pre-sale offers in a sealed envelope marked "Noncompetitive Offer." We will provide drop boxes at the Eastern States accounting office. We consider all noncompetitive offers that we receive on the day of the sale and the first business day after the sale as filed at the same time (simultaneously). Where an unsold parcel receives more than one simultaneous filing, we will hold a public drawing to determine who will get the lease.

### **Where can I get copies of BLM forms?**

Form 3100-11, Offer to Lease and Lease for Oil and Gas, and Form 3000-2, Competitive Oil and Gas or Geothermal Resources Lease Bid are included with this package. Electronic versions of these forms (PDF format) are available upon request. You may contact our Administrative Assistant at (703) 440-1727 for e-mail copies.

### **When is the next sale scheduled**

The next sale is tentatively scheduled for December 14, 2006.

### **Who should I contact if I have a question?**

For information regarding this sale notice, contact Sherlena Clark at (703) 440-1552.

Any changes to this stipulation will be made in accordance with the Ouachita National Forest Land and Resource Management Plan, as amended, and/or the regulatory provisions for such changes. (For guidance on the use of this stipulation, see BLM Manual 1624 and 3101 or FS manual 1950 and 2820).

## **OUACHITA N.F., ARKANSAS**

### **LEASE NOTICE NO. 3**

All or part of the leased lands may contain animal or plant species classified under the Endangered Species Act of 1973, as amended. Other species may have been identified as sensitive in accordance with Forest Service Manual 2670 and be listed on the correct Regional Forester's List of Sensitive Plant and Animal Species. Further information concerning the classification of these species may be obtained from the authorized Forest Officer.

Exploration and development proposals may be limited or modifications required if activity is planned within the boundaries of a threatened, endangered or sensitive plant or animal species location as it then exists. All activities within these areas must be conducted in accordance with existing laws, regulations and the Forest Land and Resource Management Plan guidelines.

### **LEASE NOTICE NO. 4**

All or part of the leased lands may be classified as wetlands in accordance with Executive Order 11990, "Protection of Wetlands" or a floodplain in accordance with Executive Order No. 11988, "Floodplain Management." Additional management requirements for the protection of riparian areas are contained in 36 CFR 219.27(e) and the National Forest Resource Management Act of 1976.

All activities within these areas may require special measures to mitigate adverse impacts to the resource values. They must comply with the above referenced executive orders, regulations, laws and be in accordance with the Forest Land and Resource Management Plan guidelines.

Any changes to this stipulation will be made in accordance with the Ouachita National Forest Land and Resource Management Plan, as amended, and/or the regulatory provisions for such changes. (For guidance on the use of this stipulation, see BLM manual 1624 and 3101 or FS manual 1950 and 2820).

**OUACHITA N.F., ARKANSAS**

**STIPULATION FOR LANDS OF THE NATIONAL FOREST SYSTEM  
UNDER THE JURISDICTION OF DEPARTMENT OF AGRICULTURE**

The lessee/permittee/lessee must comply with all the rules and regulations of the Secretary of Agriculture set forth at Title 36, Chapter II, of the Code of Federal Regulations governing the use and management of the National Forest System (NFS) when not inconsistent with the rights granted by the Secretary of the Interior in the license/prospecting permit/lease. The Secretary of Agriculture's rules and regulations must be complied with for (1) all use and occupancy of the NFS prior to approval of a permit/operation plan by the Secretary of the Interior, (2) uses of all existing improvements, such as Forest development roads, within and outside the area licensed, permitted or leased by the Secretary of the Interior, and (3) use and occupancy of the NFS not authorized by a permit/operating plan approved by the Secretary of the Interior.

**CONTROLLED SURFACE USE STIPULATIONS**

1. This lease may be found to contain historic properties and/or resources protected under the National Historic Preservation Act (NHPA), American Indian Religious Freedom Act, Native American Graves Protection and Repatriation Act, E.O. 13007, or other statutes and executive orders. The BLM will not approve any ground disturbing activities that may affect any such properties or resources until it completes its obligations under applicable requirements of the NHPA and other authorities. *These obligations may include a requirement that you provide a cultural resources survey conducted by a professional archaeologist.* The BLM may require modification to exploration or development proposals to protect such properties, or disapprove any activity that is likely to result in adverse effects that cannot be successfully avoided, minimized or mitigated.

Modification: None

Waiver: This stipulation may be waived by the Authorized Officer if it is documented that a cultural resources survey, which meets professional standards, has been conducted and significant sites, including sites of concern to Native Americans, will not be impacted by development of this lease, or if it is documented that a cultural resources survey is not otherwise required.

Exemptions: An exemption may be granted for a specific development proposal if it is documented that a cultural resources survey, which meets professional standards, has been conducted on the area of proposed development and significant sites, including sites of concern to Native Americans, will not be impacted by development of this lease, or if it is documented that a cultural resources survey is not otherwise required.

2. If development is proposed in suitable red-cockaded woodpecker foraging habitat (cover at least 50% pine trees over 10 inches in diameter and at least 30 years old) or nesting habitat (pines at least 60 years old and 10 inches in diameter), the applicant will conduct a survey of suitable habitat within ½ mile of the project according to protocols described in the updated Red-cockaded Woodpecker Recovery Plan completed by U.S. Fish and Wildlife Service in 2003. If red-cockaded woodpeckers are found a biological assessment will be completed and the project modified as needed to ensure that there is

“no adverse affect” with concurrence from the Lafayette Ecological Services Office of the U.S. Fish and Wildlife Service.

Modification: None

Waiver: None

Exception: None

3. No surface disturbing activities are permitted within 250 feet of the perennial or ephemeral surface waters.

Modification: None

Waiver: None

Exception: An exception may be granted if the lessee can demonstrate that oil and gas operations would not cause unacceptable impacts to water quality, floodplains or riparian areas.

4. The lease area may now or hereafter contain plants, animals, or their habitats determined to be threatened, endangered, or other special status species. BLM may recommend modifications to exploration and development proposals to further its conservation and management objective to avoid BLM-approved activity that will contribute to a need to list such a species or their habitat. BLM may require modifications to or disapprove proposed activity that is likely to result in jeopardy to the continued existence of a proposed or listed threatened or endangered species or result in the destruction or adverse modification of a designated or proposed critical habitat. BLM will not approve any ground-disturbing activity that may affect any such species or critical habitat until it completes its obligations under applicable requirements of the Endangered Species Act as amended, 16 U.S.C. 1531 *et seq.*, including completion of any required procedure for conference or consultation.

Modification: None

Exception: None

Waiver: None

### **Lease Notices**

1. Should the oil or gas be developed at this site, all open vent stack equipment, such as heater-treaters, separators, and dehydrator units, will be designed and

constructed to prevent birds and bats from entering or nesting in or on such units, and to the extent practical, to discourage birds from perching on the stacks. Installing cone-shaped mesh covers on all open vents is one suggested method. Flat mesh covers are not expected to discourage perching and will not be acceptable. Soil stabilization and erosion control will be reviewed in the application for permit to drill and the Surface Managing Entity (SME) agreement for restoration requirements.

2. To discourage the spread of invasive, non-native plants, the operator will be encouraged to use native and/or noninvasive cover plants in seeding mixtures to stabilize disturbed areas and during restoration activities. Final seed mixtures will be formulated in consultation with the private land owner.

TIMING LIMITATION STIPULATION 01

No surface use is allowed during the following time period(s). This stipulation does not apply to operation and maintenance of production facilities.

Site construction and drilling may be restricted during the wet season from 11/30 thru 3/31 depending on site specific conditions at the time the Application for Permit to Drill is filed.

On the lands described below:

Entire Lease

For the purpose of (reasons):

Prevent excessive soil erosion and rutting resulting from construction activities during the wet season. Land and Resource Management Plan, National Forests in Mississippi, as amended, 9/85.

Any changes to this stipulation will be made in accordance with the land use plan and/or the regulatory provisions for such changes. (For guidance on the use of this stipulation, see BLM Manual 1624 and 3101 or FS Manual 1950 and 2820.)

DESOTO  
HOMOCHITTO

NATIONAL FORESTS IN MISSISSIPPI

LEASE NOTICE 03

All or part of the leased lands may contain animal or plant species classified under the Endangered Species Act of 1973, as amended. Other species may have been identified as sensitive in accordance with Forest Service Manual 2670 and be listed on the current Regional Forester's List of Sensitive Plant and Animal Species. Further information concerning the classification of these species may be obtained from the authorized Forest Officer.

Exploration and development proposals may be limited or modifications required if activity is planned within the boundaries of a threatened, endangered or sensitive plant or animal species location as it then exists. All activities within these areas must be conducted in accordance with existing laws, regulations and the Forest Land and Resource Management Plan guidelines.

NOTICE TO LESSEE 04

All or part of the leased lands may be classified as wetlands in accordance with Executive Order 11990, "Protection of Wetlands" or a floodplain in accordance with Executive Order No. 11988, "Floodplain Management." Further information concerning the classification of these lands may be obtained from the authorized Forest office.

All activities within these areas must be conducted in a manner to minimize adverse impacts to the resource values and in accordance with the Forest Land and Resource Management Plan guidelines.
