Notice of Competitive Lease Sale Oil and Gas

January 29, 2007

The Bureau of Land Management, Eastern States, is pleased to announce that we will offer for competitive sale certain Federal lands in Alabama (ES-001 thru ES-060), Arkansas (ES-061 thru ES-089), Louisiana (ES-090), Michigan (ES-091 thru ES-102) and Mississippi (ES-103 thru ES-263) for oil and gas leasing.

This notice describes—

- the time and place of the auction,
- how to register for and participate in the bidding process,
- the conditions of the auction,
- how to file a pre-sale noncompetitive offer, and,
- how to file a noncompetitive offer after the auction.

When and where will the auction take place?

- When:** The competitive oral auction will begin at **10:00 a.m. on March 15, 2007**. The sale room will open one hour earlier to allow you to register and get your bidding number.
- Where:** We will hold the auction at The Bureau of Land Management, Eastern States, 7450 Boston Boulevard, Springfield, Virginia 22153.
- Access:** The auction room is accessible to persons with disabilities. If you need an auxiliary aid or service to participate in the auction, such as a sign language interpreter or materials in an alternate format, please contact Ms. Gina Goodwin at (703) 440-1534 by February 15, 2007.

How do I register as a bidder?

You have to register and get a bidding number to participate in the sale. A Bidder Registration Form is included in this package. We will have copies available at the auction site. We will begin registering bidders at 9:00 a.m. on the day of the sale.

How do I participate in the bidding process?

The auctioneer will offer the parcels on the list attached to this notice in number order. Only registered bidders may make oral bids. All bids are on a per-acre basis for the entire acreage in the parcel. The winning bid will be the highest oral bid equal to or exceeding the minimum acceptable bid. The decision of the auctioneer is final.

The minimum acceptable bid is \$2 per acre or fraction thereof. If the parcel has fractional acreage, round it up to the next whole acre. For example, a parcel of 100.50 acres requires a minimum bid of \$202.00 (\$2 x 101 acres). After the auctioneer has offered all parcels, you may request that any unsold parcel be re-offered.

What are the terms and conditions of a lease issued as a result of this sale?

- **Term of the lease:** A lease is issued for a primary term of 10 years. It continues beyond that if it has production in paying quantities. We charge a royalty of 12.5 percent of the value of oil or gas removed or sold from a lease. You will find other lease terms on our standard lease form (Form 3100-11, July 2006).
- **Stipulations:** Some parcels are subject to surface use stipulations. They are requirements or restrictions on how you conduct operations. These stipulations are included in the parcel descriptions on the attached list. They become part of the lease and supersede any inconsistent provisions in the lease form.

What are the terms of the sale?

- **Withdrawal:** We reserve the right to withdraw any or all parcels from the sale before the auction begins. If we withdraw any parcels, we will post a notice in the Public Room at the Eastern States Office. You may also get the numbers of withdrawn parcels by contacting Gina Goodwin at (703) 440- 1534. If we cancel the sale, we will try to notify all interested parties in advance.
- **Payment:** You cannot withdraw your bid; it is a legally binding commitment to sign the lease bid form; accept the lease; and pay on the day of the auction the bonus bid, the first year's rent, and an administrative fee. The bonus bid is a deposit of at least \$2.00 per acre or fraction thereof. The first year's rent is \$1.50 per acre or fraction thereof. The administrative fee is \$130 per parcel.

You must pay minimum bonus, first year's rental and administrative fee by 4:30 p.m., at the Eastern States accounting office. You may pay the entire amount of your bid on the day of the auction, but if you don't, **you must pay the balance by March 29, 2007**, which is the 10th working day following the auction. If you don't pay in full by this date, you forfeit the right to the lease and all money you have paid us. If you forfeit a parcel, we may offer it for sale at a later auction.

- **Form of payment:** You can pay by personal check, certified check, money order, or credit card (VISA, MASTERCARD, AMERICAN EXPRESS, or DISCOVER). Make a check payable to: **Department of the Interior–BLM**. We don't accept cash. If a check you have sent us in the past has been returned for insufficient funds, we will require that you give us a guaranteed payment, such as a certified check. **Effective February 1, 2005, BLM will not accept credit card or debit card payments to the Bureau for any amount equal to or greater than \$100,000 for any purpose. We also will not accept aggregate smaller amounts to bypass this requirement. We encourage you to make any payments of \$100,000 or more by Automated Clearing House (ACH) or Fed Wire Transfer.**
- **Bid form:** Successful bidders must submit a signed competitive lease bid form (Form 3000-2, January 2007) with their payment on the day of the auction. This form is a legally binding offer by a prospective lessee to accept a lease and all applicable terms and conditions. We recommend you get the form and complete part of it before the auction, leaving part to be filled out at the auction. Your completed bid form certifies that you are qualified to be a lessee under our regulations at 43 CFR Part 12 and Subpart 3102.5-2. It also certifies that you comply with 18 U.S.C. 1860, a law prohibiting unlawful combinations, intimidation of or collusion among bidders.
- **Issuance of a lease:** We (the BLM) will issue your lease within 60 days of the sale date by signing the lease form provided you have paid your fees and rent. The effective date of a lease is the first day of the month following the month in which we sign the lease. We can make it effective the first day of the month in which we sign it, if we receive your written request before we sign the lease.

How do I file a noncompetitive pre-sale offer?

Under our regulations at 43 CFR 3110.1(a), you can file a noncompetitive pre-sale offer for lands that –

- are available,
- have not been under lease during the previous one-year period; or
- have not been included in a competitive lease sale within the previous two-year period.

If no bid is received on them, your pre-sale offer gives you priority over any offer filed after the auction. In the list of parcels attached to this notice, we have used an asterisk to mark any parcel that has a pending pre-sale offer. By filing a pre-sale offer, you are consenting to all terms and conditions of the lease, including any stipulations for listed on the attachment to this notice.

To file a pre-sale offer, you must send us --:

- A standard lease form (Form 3100-11, July 2006), which is properly filled out, as required by the regulations under 43 CFR 3110. (**Note: You must copy both sides of the form on one page. If you copy the form on 2 pages, we will reject your offer.**;
- the first year's advance rent in the amount of Rental \$1.50 per acre or fraction thereof; and
- a nonrefundable administrative fee in the amount of \$335.00.

NOTE: You cannot file a pre-sale offer for any lands included in the parcel list attached to this notice.

How do I file a noncompetitive offer after the auction?

You may be able to get a noncompetitive lease for a parcel we offered if –

- we did not withdraw it from the sale;
- it did not receive a bid; and
- it does not have a noncompetitive pre-sale offer pending.

Parcels that meet all these criteria are available on a first-come, first-served basis for two years from the date of the auction. If you want to file a noncompetitive offer for an unsold parcel immediately after the sale or on the next business day, give us the items listed above under pre-sale offers in a sealed envelope marked “Noncompetitive Offer.” We consider all noncompetitive offers that we receive on the day of the sale and the first business day after the sale as filed at the same time (simultaneously). Where an unsold parcel receives more than one simultaneous filing, we will hold a public drawing to determine who will get the lease.

May I protest BLM's decision to offer the lands in this Notice for lease?

Yes, under regulation 43 CFR 3120.1-3, you may protest the inclusion of a parcel listed in this sale notice. All protests must meet the following requirements:

- We must receive a protest no later than close of business on the 15th calendar day prior to the date of the sale. If our office is not open on the 15th day prior to the date of the sale, a protest received on the next day our office is open to the public will be considered timely filed. The protest must also include any statement of reasons to support the protest. We will dismiss a late-filed protest or a protest filed without a statement of reasons.
- A protest must state the interest of the protesting party in the matter.
- You may file a protest either by mail in hardcopy form or by telefax. You may not file a protest by electronic mail. A protest filed by fax must be sent to (703)-440-1551. A protest sent to a fax number other than the fax number identified or a protest filed by electronic mail will be dismissed.
- • If the party signing the protest is doing so on behalf of an association, partnership or corporation, the signing party must reveal the relationship between them. For example, unless an environmental group authorizes an individual member of its group to act for it, the individual cannot make a protest in the group's name.

If BLM receives a timely protest of a parcel advertised on this Sale Notice, how does it affect bidding on the parcel?

We will announce receipt of any protests at the beginning of the sale. We will also announce a decision to either withdraw the parcel or proceed with offering it at the sale.

If I am the high bidder at the sale for a protested parcel, when will BLM issue my lease?

We will make every effort to decide the protest within 60 days after the sale. We will issue no lease for a protested parcel until the State Director makes a decision on the protest. If the State Director denies the protest, we will issue your lease concurrently with that decision.

If I am the successful bidder of a protested parcel, may I withdraw my bid and receive a refund of my first year's rental and bonus bid?

No. In accordance with BLM regulations (43 CFR 3120.5-3) you may not withdraw your bid.

If BLM upholds the protest, how does that affect my competitive bid?

If we uphold a protest and withdraw the parcel from leasing, we will refund your first year's rental, bonus bid and administrative fee. If the decision upholding the protest results in additional stipulations, we will offer you an opportunity to accept or reject the lease with the additional stipulations prior to lease issuance. If you do not accept the additional stipulations, we will reject your bid and we will refund your first year's rental, bonus bid and administrative fee.

If BLM's decision to uphold the protest results in additional stipulations, may I appeal that decision?

Yes, you may. Note, an appeal from the State Director's decision must meet the requirements of Title 43 CFR §4.411 and Part 1840.

May I appeal BLM's decision to deny my protest?

Yes, you may. Note, an appeal from the State Director's decision must meet the requirements of Title 43 CFR §4.411 and Part 1840.

May I withdraw my bid if the protestor files an appeal?

No. If the protestor appeals our decision to deny the protest, you may not withdraw your bid. We will issue your lease concurrently with the decision to deny the protest. If resolution of the appeal results in lease cancellation, we will authorize refund of the bonus bid, rentals and administrative fee if—

- there is no evidence that the lessee(s) derived any benefit from possession of the lease during the time they held it, and;
- There is no indication of bad faith or other reasons not to refund the rental, bonus bid and administrative fee.

Where can I get copies of BLM forms?

Form 3100-11, Offer to Lease and Lease for Oil and Gas and Form 3000-2 Competitive Oil and Gas or Geothermal Resources Lease Bid are included with this package. Electronic versions of these forms (PDF format) are available upon request. You may contact Ms. Gina Goodwin at (703) 440-1534 to request that they be e-mailed to you.

When is the next sale scheduled?

The next sale is tentatively scheduled for June 18, 2007.

Who should I contact if I have a question?

For more information, contact Gina Goodwin (703) 440-1534.

NOTICE TO LESSEE NO. 3

National Forests in Alabama

All or part of the leased lands may contain animal or plant species classified under the Endangered Species Act of 1973, as amended. Other species may have been identified as sensitive in accordance with Forest Service Manual 2670 and be listed on the current Regional Forester's List of Sensitive Plant and Animal Species. Further information concerning the classification of these species may be obtained from the authorized Forest Officer.

Exploration and development proposals may be limited or modifications required if activity is planned within the boundaries of a threatened, endangered or sensitive plant or animal species location as it then exists. All activities within these areas must be conducted in accordance with existing laws, regulations and the Forest Land and Resource Management Plan guidelines.

**STIPULATION FOR LANDS OF THE NATIONAL FOREST SYSTEM UNDER THE
JURISDICTION OF THE DEPARTMENT OF AGRICULTURE**

The lessee/permittee/lessee must comply with all the rules and regulations of the Secretary of the Agriculture set forth at Title 36, Chapter II, of the Code of Federal Regulations governing the use and management of the National Forest System (NFS) when not inconsistent with the rights granted by the Secretary of the Interior in the license/prospecting permit/lease. The Secretary of Agriculture's rules and regulations must be compiled with for all use and occupancy of the NFS prior to approval of a permit/operation plan by the Secretary of the Interior, (2) uses of all existing improvements, such as Forest development roads, within and outside the area licensed, permitted or leased by the Secretary of the Interior, and (3) use and occupancy of the NFS not authorized by a permit/operating plan approved by the Secretary of the Interior.

The lands included in this parcel are fully committed to producing Unit Agreement MIES-51282X (Spruce Field Federal Unit Agreement). The successful bidder is required to file either: (1) Evidence of having entered into an agreement with the unit operator for the development and operation of the subject lands under the terms and provisions of the approved unit agreement or (2) A letter from the unit operator stating that he/she has no objections to lease issuance without joinder agreement. If such statement is acceptable to the BLM, successful bidder may receive permission to operate independently with the requirement that such operations conform to the terms and provisions of the unit agreement.

The successful bidder should immediately contact the Unit Operator (Mr. Brian Deans, B.D. Deans, LLC, P.O. Box 301, Mt. Pleasant, MI 48804). In order to join the unit, the operator will give instructions about executing copies of the joinder agreement, or they will furnish the successful bidder with permission to operate the lease independently of the unit agreement. Five duplicate originally signed copies of the joinder agreement must be furnished to the BLM, Milwaukee Field Office. A copy of the transmittal letter must be filed in the State Office in Springfield, Virginia. The operator's permission to operate independently of the unit agreement must be filed in the State Office in Springfield, Virginia.

Huron-Manistee National Forest
Standard Lease Stipulations

The lessee is notified and agrees:

All work and any operations authorized under this permit shall be done according to an approved operating plan on file with the Huron-Manistee National Forest at the appropriate District Ranger Office and/or Supervisor's Office at 1755 S. Mitchell St., Cadillac, MI 49601. Plans generally require a minimum of 45 days for Forest Service review (see Lease Notice No. 5). Bureau of Land Management must also review and also approve.

Operating plan will contain information the Forest Officer determines reasonable for assessment of (1) public safety, (2) environmental damage, and (3) protection for surface resources. Content of such plans will vary according to location and type of activity and may contain:

1. Steps taken to provide public safety.
2. Location and extent of areas to be occupied during operations.
3. Operation methods including size and type of equipment.
4. Capacity, character, standards of construction and size of all structures and facilities to be built.
5. Location and size of areas where vegetation will be destroyed or soil lay bare.
6. Steps taken to prevent and control soil erosion.
7. Steps taken to prevent water pollution.
8. Character, amount, and time of use of explosives or fire, including safety precautions during their use.
9. Program proposed for rehabilitation and revegetation of disturbed land.

Copies of all permits obtained from State or Federal agencies pertaining to work might be required. Archeological studies, if required, will accompany plan.

The Forest Supervisor or his/her designated agent has authority to temporarily suspend or modify operations in whole or in part due to emergency forest conditions such as high fire danger or other unsafe situations.

The lessee must keep the District Ranger informed about progress of operations to the extent reasonably necessary for assuring public safety. This is especially important with geophysical inventory and testing activities because of their mobile nature. The District Ranger will alert the lessee to circumstances, which may affect safe and efficient conduct of work activities.

Terms of this lease are considered violated if not done according to these stipulations.

Manistee National Forest Lease Notices and Stipulations

LEASE NOTICES

Lease Notice No. 1 - Operations under this lease will be consistent with the Standards and Guidelines found in the Huron-Manistee National Forests Land and Resource Management Plan and hereby incorporated into this lease in their entirety.

Lease Notice No. 2 - Surface disturbance will be limited to that necessary for reasonable, safe and prudent extraction of oil and gas. Measures will be implemented to minimize erosion and sedimentation.

Lease Notice No. 3 - There is a known goshawk nest in the vicinity of this lease parcel. Additional timing restrictions may be necessary at the time a drilling application is filed. These restrictions will be based on a review of the site by Forest Service wildlife biologists.

Lease Notice No. 4 - This parcel contains land that is managed as a Wildlife Emphasis Area. Surface occupancy is subject to more restrictive controls than routine areas. Access to oil and gas development is by low standard road with minimum clearing. These roads are gated. The access road should be obliterated upon abandonment of the site.

Lease Notice No. 5 - Processing of proposed surface use plans of operation on National Forest System lands includes site-specific analysis to determine effects to threatened, endangered or sensitive species. This analysis may require surveys for certain plants and/or animals. Depending upon the species of concern, it may be necessary to survey through the spring, summer and fall. The extent of required surveys could delay permit issuance. Operators are encouraged to submit proposals as soon as possible to facilitate the scheduling of necessary survey work.

LEASE STIPULATIONS

Lease Stipulation No. 1 - The lands contained in this lease contain open water and/or wetlands. No surface occupancy will be permitted within 300 feet, measured at a perpendicular, from the normal high water mark of any river, stream, or lake. No surface occupancy is permitted in wetlands. This stipulation applies, at a minimum, the specific lands identified in each lease parcel which are known to contain open water and/or wetlands.

Lease Stipulation No. 2 - Lands contained in this lease are designated as "old growth" by the Forest Plan. Where reasonable alternatives exist, surface-disturbing activities will take place outside of old growth. Where reasonable alternatives do not exist, primary access for development/occupancy will be restricted to existing roads/two-tracks.

Lease Stipulation No. 3 - This lease parcel is located in Management Area 6.2, which is managed as a Semiprimitive Motorized area under the Forest Plan. The following conditions would apply to any drilling operations conducted under this lease:

- Production facilities are located outside the area when reasonable.
- Needed pumps are run by electric motors or equipped to minimize noise.
- Surface development density will be restricted to 1 surface location per 160 acres within Management Area 6.2.

Lease Stipulation No. 4 - Producing wells shall not emit hydrogen sulfide gas into the atmosphere. Sour gas must be burned, incinerated or injected into an approved underground formation in accordance with Michigan's Oil and Gas Regulations.

Lease Stipulation No. 5 - Living units, trailers, etc., will not be permitted on the drilling site after drilling and completion or plugging has been completed.

Lease Stipulation No. 6 - Road and pipeline systems will be planned to eliminate stream crossings whenever practical.

Lease Stipulation No. 7 - Pipelines and flowlines should be buried a minimum of three feet where practical and incorporated warning tape. Flowlines will follow the access road where practical.

Lease Stipulation No. 8 - Electric and telephone service should be buried a minimum of two feet where practical and incorporate warning tape.

Lease Stipulation No. 9 - If the well is productive, on-site facilities should be painted earth tone colors.

Lease Stipulation No. 10 - All roads for oil and gas developments will be located and built as designated by the Forest Service. All temporary roads will be planned and constructed to be revegetated within one year of termination of the contract, lease or permit. Arterial roads will be, as a minimum, designed and constructed to transport forest products and accommodate planned motorized recreation use, remain open and be maintained at level 3 standards or higher.

Special Stipulation 06

For Lands in the Camp Shelby Training Area
National Forests in Mississippi

All the lands affected by this stipulation (see listing below) are located in the Camp Shelby special use permit (SUP) area and are subject to the following:

1. The lessee shall not conduct exploratory activities on the lands included in this lease during periods when the USDA Forest Service grants to the National Guard the privilege of using the area. Such use by the National Guard will be limited to a continuous three month period out of each year, normally, but not necessarily, May 15 through August 30, and for additional periods totaling not more than 20 days. The USDA Forest Service shall approve the dates of such use by the National Guard. The periods of use will be subject to 90 days prior public notice given by the National Guard. Provided however, the lessee may conduct exploratory activities on the lands under this lease during the periods when the National Guard uses the area if the USDA Forest Service coordinates with the National Guard and approves such exploratory activities.

2. It is understood that certain lands included in this lease may have been previously, or may currently be, used as an impact area of artillery (bombing, machine gun, etc.), ranges, and other military training purposes; and
 - a) That such land has been, and may be, subject to contamination by the introduction of unexploded and dangerous bombs, shell-rockets, mines, and charges either upon or below the surface thereof; and

 - b) THAT THE UNITED STATES IS UNABLE TO CERTIFY THAT THE PROPERTY HAS BEEN COMPLETELY AND FULLY CLEARED AND DECONTAMINATED AND IS UNABLE TO STATE WHETHER OR NOT THE SAME IS SAFE FOR USE; and

 - c) That the lessee assumes full obligation for any risk involved in exercise of the rights and privileges authorized by this lease; and

 - d) That prior to disturbance of areas officially recognized as “Surface Use Only”, the lessee will be required to contract with an individual or firm specializing in the detection and disposal of unexploded ordnances in order to “clean” the area.

NATIONAL FORESTS IN MISSISSIPPI

Special Stipulation 06 (continued) For Lands in the Camp Shelby Training Area

3. Use or occupancy of the surface within 200 feet of the cleared right-of-way line of all regularly traveled roads, within 100 feet of stream banks, or within designated artillery firing points is limited strictly to access and facilities such as roads, power, pipe, or telephone lines which may be installed in a manner as specified by the Forest Supervisor, USDA Forest Service, Jackson, Mississippi.

The lessee agrees to obtain written approval from the Forest Supervisor prior to installing any such facilities.

The lessee is authorized to employ directional drilling to exploit the mineral resources within the aforementioned areas, providing such drilling will not disturb the surface.

4. Lessee will bury all gas and oil pipelines underneath the earth's surface a depth of two feet, except that such lines crossing streets and roads over which military vehicles and armored tanks usually travel shall be buried a depth of three feet underneath such streets and roads.

5. Lessee will mark with appropriate signs or markers in sufficient size lettering to warn any member or unit of the National Guard of the whereabouts of all underground pipelines and above ground facilities constructed by the lessee.

6. Use or occupancy of the surface of designated artillery firing points is limited strictly to access and facilities such as roads and buried power, pipe, or telephone lines. These areas range from two to five acres in size. Within the buffers of such areas, surface use or occupancy may be allowed with appropriate mitigations which minimize conflicts with military use.

NOTICE TO LESSEE No. 3
National Forests in Mississippi

All or part of the leased lands may contain animal or plant species classified under the Endangered Species Act of 1973, as amended. Other species may have been identified as sensitive in accordance with Forest Service Manual 2670 and be listed on the current Regional Forester's List of Sensitive Plant and Animal Species. Further information concerning the classification of these species may be obtained from the authorized Forest Officer.

Exploration and development proposals may be limited or modifications required if activity is planned within the boundaries of a threatened, endangered or sensitive plant or animal species location as it then exists. All activities within these areas must be conducted in accordance with existing laws, regulations and the Forest Land and Resource Management Plan guidelines.

NOTICE TO LESSEE No. 4
National Forests in Mississippi

All or part of the leased lands may be classified as wetlands in accordance with Executive Order 11990, "Protection of Wetlands" or a floodplain in accordance with Executive Order No. 11988, "Floodplain Management." Further information concerning the classification of these lands may be obtained from the authorized Forest office.

All activities within these areas must be conducted in a manner to minimize adverse impacts to the resource values and in accordance with the Forest Land and Resource Management Plan guidelines.
