Dear Interested Public:

The BLM, Shoshone Field Office is soliciting your thoughts and comments for individual projects by informing you of upcoming projects through an information document. Your comments will help to ensure that pertinent issues are identified early, and the items that are of minimal concern do not unnecessarily consume valued time and effort.

Through this letter the Shoshone Field Office is asking for your thoughts and comments for a proposed forest restoration and timber sale project titled "West Camas Forest Restoration and Timber Sale". To give you further details on this project a scoping document has been attached to this letter. Additionally, you may access the document at <http://www.blm.gov/id/st/en/info/nepa.html> or contact the Shoshone BLM at id_shoshone_fo@blm.gov or (208) 732-7204 for a hard copy.

Your comments are specifically requested on the proposed action, preliminary issues, and alternatives. Comments made on this proposal would be most helpful if they are received on or before November 15, 2009, and are directly relevant to the proposal and project area. The BLM will accept feedback beyond this date, however, such comments may be considered secondary to comments received in a timely manner.

Sincerely,

Holly Hampton,
Acting Field Manager
