

TABLE OF CONTENTS

CHAPTER 1—PURPOSE OF AND NEED FOR ACTION	1
Introduction	1
Setting	1
Historical Background	3
Planning Overview	3
Issues	5
CHAPTER 2—ALTERNATIVES	7
Alternative Formulation Overview	7
Alternative Eliminated from Detailed Study	8
No Grazing	8
Management Guidance Common to All Alternatives	8
Vegetation Apportionment Issue	8
Vegetation Monitoring and Evaluation	9
Categorization of Rangelands	9
Prairie Dog and Noxious Weed Control	9
Range Improvements	10
Fire Management	10
Wildlife	11
Lands Issue	11
Trespass Abatement	11
Rights-of-Way	11
Leases, Permits, and Easements	11
Exchanges, Sales, Transfers and Recreation and Public Purposes	11
Other Resource Programs	12
Cultural Resources	12
Forestry	13
Paleontological Resources	13
Recreation	14
Areas of Critical Environmental Concern (ACEC)	14
Minerals	14
Oil and Gas Exploration and Development	14
Rationale for Selecting the Preferred Alternative	14
Vegetation Apportionment	15
Lands	15
Preferred Alternative	15
Vegetation Apportionment	15
Lands	18
Alternative A	18
Vegetation Apportionment	18
Lands	19
Alternative B	19
Vegetation Apportionment	19
Lands	20
Alternative C	20
Vegetation Apportionment	20
Lands	21
Alternative D	21
Vegetation Apportionment	21
Lands	22
Summary of the Cumulative Impacts	22
CHAPTER 3—AFFECTED ENVIRONMENT	25
Introduction	25
Climate	25
Topography	25
Soils	26
Hydrology	31

Range	33
Wildlife	39
Lands	41
Cultural Resources	43
Forestry	43
Paleontologic Resources	44
Recreation	44
Minerals	44
Economics	45
Social Conditions	50
CHAPTER 4—ENVIRONMENTAL CONSEQUENCES	53
Introduction	53
Cultural Resources	53
Forestry	54
Paleontologic Resources	54
Recreation	54
Minerals	54
Social Conditions	55
Preferred Alternative	55
Soils	55
Hydrology	56
Range	57
Wildlife	58
Lands	59
Economics	59
Alternative A	60
Soils	60
Hydrology	61
Range	61
Wildlife	62
Lands	62
Economics	63
Alternative B	63
Soils	63
Hydrology	64
Range	65
Wildlife	66
Lands	67
Economics	67
Alternative C	68
Soils	68
Hydrology	68
Range	69
Wildlife	70
Lands	71
Economics	71
Alternative D	72
Soils	72
Hydrology	73
Range	73
Wildlife	74
Lands	75
Economics	75
CHAPTER 5—CONSULTATION AND COORDINATION	77
Preparation	77
Public Participation	77
Agencies and Organizations Consulted	78
List of Preparers	79

APPENDICES	83
A No Grazing Alternative and Environmental Consequences	83
Description of the Alternative	83
Environmental Consequences	83
B Part 1 Summary of M and I Allotment Conditions, Use, Category and Alternative	89
B Part 2 Summary C Allotment Size and Use	89
B Part 3 Determination of Alternative Long-Term Values	94
B Part 4 Methodology of Vegetation Apportionment and Computations	96
B Part 5 Derivation of "Other" AUMs (Watershed and Wildlife Forage and Cover)	96
C Alternative Implementation Costs	97
D Oil and Gas Leasing, Exploration and Operation	98
E Oil and Gas Leasing Program Impact Summary	100
F Oil and Gas Lease Stipulations	101
G Summary of Exemption Area and the Fort Meade Management Plans	102
H Summary of Soil Survey Information and Interpretations	104
I South Dakota Soil Survey Status (Major Public Land Areas)	105
J Rangeland Mechanical Treatment Guide	106
K Methodology for Assessing Ranch Related Economic Impacts	113
L Coal Leasing and Licensing	114
REFERENCES	115
GLOSSARY	119
INDEX	125

Tables

No.	Description	
1-1	Black Hills Generalized Columnar Section	4
2-1	Overall Range Condition Acres by Allotment Category	8
2-2	Summary of Alternatives	16
2-3	Summary of Cumulative Impacts	23
3-1	Land Capability Classes for M and I Allotments	30
3-2	Soil Cover Target by Range Sites	30
3-3	Average Rangeland Erosion Rates	31
3-4	Rangeland Condition (Acres)	31
3-5	Riparian Range Site Vegetation Composition	35
3-6	Acres of Public Land by Range Condition Class Management Category and County	36
3-7	Acres of Public Land by Management Status, Trend, County	37
3-8	Allotments by Category and County	37
3-9a	Number of Existing Projects by County, Type and Purpose	38
3-9b	Size (Length or Acres) of Projects by County, Type and Purpose	39
3-10	County Acres in Study Area	42
3-11	Summary of BLM Woodland by County	43
3-12	Employment by Industry	48
3-13	Agricultural Acreages and Market Value of Production	49
3-14	Estimated Ranch Dependency on BLM Land	49
3-15	Total Population of South Dakota, Urban and Rural	50
3-16	Population Characteristics and Social Well-Being by County	51
3-17	Characteristics of Rural and Farm Populations	52
3-18	South Dakota's Urban and Rural Population as a Percent of State Population, 1880-1980	52

Maps

No.	Description	
1-1	Location Map	2
3-1	Soils	27
3-2	Major Land Resource Areas (MLRA)	28
3-3	Natural Vegetation	34
3-4a	Minerals Assessment Map, Leasable	36
3-4b	Minerals Assessment Map, Non-Leasable	46
	Resource Management Plan MAP - Map Pocket	47

Figures

No.	Description	
3-1	Riparian Zones	33
