**NOTE TO MAP USERS**  
 The surface and subsurface management status, ownership, are outlined as general planning and management tools. Some of the lands, surface and mineral rights, are owned by the public. Some lands are owned by the public and mineral rights are owned by the BLM for use in the future. No warranty is made by the BLM for use of the map for purposes not intended by the BLM. The official land records in the respective offices of the Bureau of Land Management or other responsible Federal agencies should be checked for specific status on any specific tract of land. Inaccuracies in the BLM maps should be reported to the respective Bureau of Land Management office from which the map was obtained.

**PUBLIC ACCESS**  
 Roads crossing public lands may be traveled by the public unless closed by signing or notice by the land management agency. Public lands reserved by private lands may not have public access. Permission is required from the private landowner to cross private land, unless access is provided by a Federal, State, or County road, or a BLM road with legal access.
