Surface Management Status
1:100,000-Scale Topographic Map

2006

**U.S. DEPARTMENT OF THE INTERIOR**
**BUREAU OF LAND MANAGEMENT**

BLM 2006

Edited and published by the Bureau of Land Management National Science and Technology Center in cooperation with the Bureau of Land Management New Mexico State Office. Planimetry partially revised by Bureau of Land Management from various source materials. Revised information not field checked.

Public Land Survey System derived from the Bureau of Land Managements Geographic Coordinate Data Base. Land status and other source information compiled by Bureau of Land Management. Hypsography, Hydrography, Boundary, and Transportation data derived from U.S. Geological Survey 1:100,000 scale digital line graphs. Digital line graphs based on 1:100,000 scale quadrangle map dated 1976.

Lambert Conformal Conic Projection
North American Datum 1983
National Geodetic Vertical Datum of 1929

There may be private inholdings within the boundaries of the National or State reservations shown on this map. Land lines are omitted in areas of extensive tract surveys.

THIS MAP COMPLIES WITH NATIONAL MAP ACCURACY STANDARDS

In general, BLM Public Lands are open to a number of recreational activities in addition to those that may be highlighted on the map. These activities include camping, fishing, hiking, and hunting. Certain restrictions may apply. Contact appropriate BLM State, District, or Field Office for more information.

## CONVERSION TABLE

| METERS | FEET |
|---|---|
| 1600 | 5249 |
| 1700 | 5577 |
| 1800 | 5905 |
| 1900 | 6234 |
| 2000 | 6562 |
| 2100 | 6890 |
| 2200 | 7216 |
| 2300 | 7546 |
| 2400 | 7874 |
| 2500 | 8202 |

To convert meters to feet multiply by 3.2808

To convert feet to meters multiply by 0.3048

## DECLINATION DIAGRAM

2006 Magnetic declination (MN) is between the middle of the map. Diagram is approximate.

## TOPOGRAPHIC MAP SYMBOLS

- Primary highway, hard surface
- Secondary highway, hard surface
- Light-duty, hard, or aggregate surface
- Streets, roads graded/drained/natural surface
- 4WD, rough bladed or two-tracked surface
- Trail (foot, pack, bicycle, or as labeled) ..... PACK
- Route marker: Interstate; U.S.; State
- Railroad: standard gage; narrow gage
- Bridge; overpass; underpass
- Tunnel: road; railroad
- Built up area; locality; elevation
- Airport; landing field; landing strip
- National boundary
- State boundary
- County boundary
- National or State reservation boundary
- Land grant boundary
- U.S. public lands survey: range, township, section
- Range, township; section line, protracted
- Power transmission line; pipeline
- Dam; dam with lock ..... Dam
- Cemetery; building ..... Cem
- Windmill; water well; spring
- Mine shaft; adit or cave; mine, quarry; gravel pit
- Campground; picnic area; US location monument
- Ruins; cliff dwelling ..... Ruins
- Distorted surface; strip mine, quarry; sand
- Contours: index; intermediate; supplementary
- Contour interval change
- Stream, lake: perennial; intermittent
- Rapids, large and small; falls, large and small
- Area to be submerged; marsh, swamp
- Land subject to controlled inundation
- Special area boundary
- Recreation area boundary
- National trail; back country, scenic byway

## NOTE TO MAP USERS

The surface and minerals management status overprints are published as general planning and management tools. Some of the lands, surface and mineral rights, may have been shown as patented lands due to the lack of information available to BLM with respect to the nature of acquisition. No warranty is made by the BLM as to the accuracy, reliability or completeness of these data. For land records in the respective offices of the Bureau of Land Management or other responsible Federal agencies should be checked for up-to-date status on any specific tract of land. Inadequacies in the BLM maps should be reported to the respective Bureau of Land Management offices from which the maps were obtained.

## PUBLIC ACCESS

Roads crossing public lands may be travelled by the public unless closed by signs or gates. Use of roads crossing private lands is by permission only. Some private lands may not have public access. Permission should be sought from the private landowner to cross private land, unless access is provided by a Federal, State, or County road, or a BLM road with legal access.
