**Notice of Competitive Lease Sale
Geothermal Resources**

We are pleased to announce that we will offer for competitive sale 17 parcels of Federal lands totaling 60,320.32 acres in the State of Utah for Federal geothermal leasing. This notice describes:

- The time and place of the sale;
- How to participate in the bidding process;
- The sale process
- The conditions of the sale;
- How to file a noncompetitive offer after the sale;

The sale will be held in accordance with the Energy Policy Act of 2005, and the Final Rules issued May 2, 2007, (43 CFR Parts 3000, 3200 and 3280, Fed. Reg. Vol. 72, No. 84).

Attached to this notice is a list of the lands we are offering by parcel number, and land description. We have included any special conditions or restrictions that will be made a part of the lease below each parcel. The bid form (Form 3000-2, dated January 2007) can be found at:
www.blm.gov/FormsCentral/show-home.do.

When and where will the sale take place?

When: The competitive oral auction will begin at 11:00 a.m. on February 23, 2010. You can register and get your bidding number starting at 9:30 a.m. A registration table will be set up outside of the 5th floor elevator.

Where: We will hold the sale at the Bureau of Land Management, Utah State Office, 3 Gateway Building, 440 West 200 South, Fifth Floor, Monument Conference Room 532, Salt Lake City, Utah. There are parking facilities in the building.

Access: The sale room is accessible to persons with disabilities. If you need an auxiliary aid or service to participate in the sale, such as sign language interpreter or materials in an alternate format, contact Teresa Thompson (801) 539-4047, by February 4, 2010.

How do I participate in the bidding process?

To participate in the bidding process, you must register for and get a bidding number. You must provide a valid form of identification at the time of registration. We will begin registering bidders at 9:30 a.m. on the day of the sale. You must display your bid number to the auctioneer when you submit a bid.

- The auctioneer will offer the geothermal parcels in the order they are shown beginning on page 9. All parcels will be sold as blocks. (One bid for all parcels in a block). If no one bids on the block, the auctioneer will offer the parcels individually.
- After we have offered all the parcels, you may ask the auctioneer to re-offer any unsold parcels.
- All bids are on a per-acre basis for the entire acreage in the parcel;
- The winning bid is the highest oral bid equal to or exceeding the minimum acceptable bid of \$2 per acre;
- BLM will reject all bids and re-offer a parcel if we determine that the high bidder is not qualified, or the high bidder fails to make all of the required payments; and
- The decision of the auctioneer is final.

The minimum bid BLM can accept is \$2 per acre. If a parcel contains fractional acreage, round it up to the next whole acre. For example, a parcel of 100.51 acres requires a minimum bid of \$202 (\$2 x 101 acres).

What conditions apply to the lease sale?

- **Parcel withdrawal or sale cancellation:** We reserve the right to withdraw any or all parcels before the sale begins. If we withdraw a parcel, we will post a notice in the Utah State Office Business Information Center (Public Room) before the day of the sale. We will announce withdrawn parcels before the sale begins.
- **Payment due:** You cannot withdraw a bid. Your bid is a legal binding commitment to sign the bid form, accept the lease, and pay the money due on the day of the sale. On the day of the sale, by 4:30 p.m., you must pay the following: (1) Twenty percent of the bonus bid; (2) the total amount of the first year's rental (\$2 per acre); and (3) the \$145 competitive lease processing fee. **Within 15 calendar days after the day of the sale, March 10, 2010, the balance of the bid must be received by the Utah State Office BLM.**
- **Forms of payment:** You must pay by personal check, cashier's check, certified check, bank draft or money order. Make checks payable to: **Department of the Interior-BLM.** We cannot accept cash. If a check you have sent to us in the past has been returned for insufficient funds, we may ask that you give us a guaranteed payment, such as a certified check.

- **Bid Form:** On the day of the sale, if you are a successful bidder you must give us a properly completed and signed competitive bid form (Form 3000-2, dated January 2007) with your payment. This form is a legally binding offer by the prospective lessee to accept a lease and all its terms and conditions. Once the form is signed, you cannot change it. We will not accept any bid form that has information crossed out or is otherwise altered.

We recommend you get a copy of the bid form and complete it prior to the sale. Your completed bid form certifies that:

(1) You and the prospective lessee are qualified to hold a geothermal lease under our regulations at 43 CFR 3202; and

(2) Both of you have complied with 18 U.S.C. 1860, a law that prohibits unlawful combinations, intimidation of and collusion among bidders.

- **Lease Issuance:** After we receive the bid form and all the money due, we can issue the lease. A lease is effective the first day of the month following the month in which we sign it.
- **Lease Terms:** A lease issued as a result of this sale will have primary term of 10 years. It will continue beyond its primary term as long as geothermal resources are produced on or for the benefit of the lease. The annual rental will be \$2 per acre for the first year and \$3 per acre for years 2 through 10. Beginning with the eleventh lease year, the rental rate for all leases will increase to \$5 per acre. Rentals are due on or before the anniversary date each year until production begins. Royalty rates can be found at 43 CFR 3211.
- **Stipulations:** Some parcels have special requirements or restrictions, which are called stipulations. These are included with the parcel descriptions. Stipulations are part of the lease and supersede any inconsistent provisions of the lease form.

All Federal geothermal lease rights are granted subject to applicable laws under Section 6 of the lease terms, and lessees must meet certain requirements under the Endangered Species Act, as amended, 16 U.S.C. 1531 et. seq. In accordance with Section 1.10.5 of the Record of Decision for Geothermal Leasing in the Western United States, date December 2008, and Washington Office Instruction Memorandum No. 2002-174, each parcel included in this lease sale will be subject to the attached Endangered Species Act Section 7 Consultation Stipulation.

In accordance with Washington Office Instruction Memorandum No. 2005-003, Cultural Resources and Tribal Consultation for Fluid Minerals Leasing, each parcel in this lease sale will be subject to the attached Cultural Resource Protection Stipulation.

How do I file a noncompetitive offer after the sale?

Lands that do not receive a bid at the competitive lease sale will be available for noncompetitive leasing for a two-year period beginning the first business day following the sale.

- An Offer to Lease Form properly completed and signed. (Submit 2 executed copies of the applicable form to BLM. At least one form must have an original signature. We will accept only exact copies of the form on one 2-sided page. Note: You may copy the lease form, but you must copy the four pages of the lease document onto two pages. If you copy the form on 4 pages or use an obsolete lease form, we will reject your offer. Any copy you make must be legible.) Describe the lands in your offer as specified in our regulations at 43 CFR 3204.11(a) (1).

For 30 days after the competitive geothermal lease sale, noncompetitive applications will be accepted only for parcels as configured in the Notice of Competitive Geothermal Lease Sale. Subsequent to the 30-day period, you may file a noncompetitive application for any available lands covered by the competitive lease sale, not to exceed 5,120 acres per lease.

- Your payment for the total of the \$375 filing fee and the advanced first year's rental (\$1 per acre). Remember to round up any fractional acreage when you calculate the amount of rental.

Put the above items in a sealed envelope marked "Noncompetitive Offer" and place the envelope in the drop box in the Utah State Office Information Access Center (Public Room). We consider all offers filed the day of a sale and the first business day after it, for any of the unsold parcel, filed at the same time. If a parcel receives more than one offer, we will hold a drawing to pick the winner.

All applications for a particular parcel will be considered simultaneously filed if received in the proper BLM office any time during the first business day following the competitive lease sale. You may submit only one application per parcel. An application will not be available for public inspection the day it is filed. BLM will randomly select an application among those accepted on the first business day to receive a lease offer.

Subsequent to the first business day following the competitive lease sale, the first qualified applicant to submit an application will be offered the lease. If BLM receives simultaneous applications as to date and time for overlapping lands, BLM will randomly select one to receive a lease offer.

May I withdraw my application for a noncompetitive lease?

During the 30-day period after the competitive lease sale, BLM will only accept a withdrawal of the entire application. Following that 30-day period, you may withdraw your noncompetitive lease application in whole or in part at any time before BLM issues the lease. If a partial withdrawal causes your lease application to contain less than the minimum acreage required (640 acres, or all lands available for leasing in the section, whichever is less), BLM will reject the application.

How can I find out the results of this sale?

We will post the sale results in the Utah State Office Information Access Center. You can buy a printed copy of the results list from the Utah State Office Information Access Center for \$7.00. Additionally, the list will be available at our Utah State Office public internet site:

Cultural Resource Protection – Lease Stipulation

“This lease may be found to contain historic properties and/or resources protected under the National Historic Preservation Act (NHPA), American Indian Religious Freedom Act, Native American Graves Protection and Repatriation Act, E.O. 13007, or other statutes and executive orders. The BLM will not approve any ground disturbing activities that may affect any such properties or resources until it completes its obligations under applicable requirements of the NHPA and other authorities. The BLM may require modification to exploration or development proposals to protect such properties, or disapprove any activity that is likely to result in adverse effects that cannot be successfully avoided, minimized or mitigated.”

Threatened and Endangered Species Act Stipulation

The lease area may now or hereafter contain plants, animals or their habitats determined to be threatened, endangered, or other special status species. BLM may recommend modifications to exploration and development proposals to further its conservation and management objective to avoid BLM-approved activity that would contribute to a need to list such species or their habitat. BLM may require modifications to or disapprove proposed activity that is likely to result in jeopardy to the continued existence of a proposed or listed threatened or endangered species or result in the destruction or adverse modification of a designated or proposed critical habitat. BLM will not approve any ground-disturbing activity until it completes its obligations under applicable requirements of the Endangered Species Act as amended, 16 U.S.C. 1531 et seq. including completion of any required procedure for conference or consultation.

PUBLIC NOTICE

Bidders are reminded that a bid shall not be withdrawn and shall constitute a legally binding commitment to execute the lease bid form and accept a lease, including the obligation to pay the bonus bid, first year's rental, and administrative fee. There have been cases in past oral auctions where the minimum deposit due from the high bidder on the day of the auction was not paid, or was paid by check drawn on an account with insufficient funds. The Bureau of Land Management will be closely monitoring situations of this nature to determine whether further measures should be initiated to protect the integrity of the system.
