Provide for Recreation Benefits Appropriate for the Area	6000 Land Resources (LR)	Middle Fork SRMA	Recreation	6032	Middle Fork of the Powder River Special Recreation Management Area Prescriptions: The Casper Field Office will continue to cooperatively manage the area with BLM's Buffalo and Worland field offices to protect and enhance the recreational opportunities; motorized travel will be limited to designated roads and trails and easements and acquisitions will be pursued. Interpretive and access signs will be maintained and improved to inform and educate the public. Seasonal closures will be carried forward and development activities evaluated with special attention to impacts related to visual and recreation resources. SRPs will be managed cooperatively with the Buffalo and Worland field offices on a case-by-case basis. (Note: The Middle Fork of the Powder River SRMA will incorporate decisions related to the South Bighorns MA.)	Manage Resources and Facilities	Buffalo FO Lead	CFO	High	High	Eve Bennett	Low	SOP		1	1											1	1	100%	
Provide for Recreation Benefits Appropriate for the Area	6000 Land Resources (LR)	National Historic Trails SRMA	Recreation	6033	National Historic Trails Special Recreation Management Area Prescriptions: Cooperative partnerships with volunteer groups, landowners and other land-management agencies will be encouraged and developed to facilitate management and recreational development. SRPs will be allowed for commercial, noncommercial and competitive events on a case-by-case basis. Travel, other than pedestrian, on actual trail ruts is prohibited. Current facilities, signs, and interpretations along trails will be maintained and enhanced as needed. Cooperative management agreement with the NPS will continue. Surface restrictions and other resource allocation decisions are further outlined in the Special Designations and Other MAs section of this document.	Complete Plans	Complete plan	National Historic Trails	High	Moderate	Eve Bennett	High	DF		0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0%
Provide for Recreation Benefits Appropriate for the Area	6000 Land Resources (LR)	North Platte River SRMA	Recreation	6034	North Platte River Special Recreation Management Area Prescriptions: Development, livestock grazing, and ROW will be limited. Emphasis will be placed on enhancing recreational benefits and wildlife/fisheries habitats within the selected boundary. Acquisitions and easements will be pursued as opportunities arise to improve public access and recreation opportunities. Due to the ACEC evaluation of the North Platte River, detailed management alternatives are located under the Special Designations and Other MAs section of this document. Management of SRPs will be allowed on a case-by-case basis with current and future commercial-use levels being analyzed in the North Platte River SRMA.	Manage Resources and Facilities	Implement plan	North Platte River SRMA	High	High	Eve Bennett	High															0	0	0%	
Provide for Recreation Benefits Appropriate for the Area	6000 Land Resources (LR)	Poison Spider OHV Park SRMA	Recreation	6035	Poison Spider OHV Park (Special Recreation Management Area) Prescriptions: The area will be open to OHV use. The development of cooperative management strategies with volunteer groups, landowners, and other land-management agencies will be encouraged and maintained. Allowances will be made for competitive and educational OHV SRPs. The area will be expanded by 98 acres for a total of 285 acres. Existing facilities will be maintained. No overnight camping, fires, and shooting of projectiles will be allowed within the park boundaries. A site plan that incorporates needed upgrades and landscape designs will be developed.	Complete Plans	Complete plan, including expansion	Poison Spider Park SRMA	High	Moderate	Eve Bennett	High	DA		0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0%
Provide for Recreation Benefits Appropriate for the Area	6000 Land Resources (LR)	Extensive Recreation Management Area (ERMA)	Recreation	6036	South Bighorns/Red Wall National Back Country Byway Prescriptions: Cooperative relationships with volunteer groups, landowners, and other land-management agencies will be encouraged and developed to facilitate responsible recreation use of the area. SRPs will be allowed for commercial, noncommercial, and competitive events on a case-by-case basis. The current facilities, signs, and interpretations along the byway and at both Grave Springs and Buffalo Creek campgrounds will be maintained. Improvements along the byway will be preceded by formal site plans and will adhere to other guidelines that may be developed in this RMP.
