

National Public Lands Day

September 25, 2010

The mission of NPLD is to improve and enhance the public lands Americans enjoy. Join us for NPLD 2010, and let's clean up Wyoming together!

Beaver Creek Ski Area – Lander

Assist in spreading dirt and compacting surface, brushing trail surface and edges, moving small rocks and other tasks. Hand tools used to complete these projects include: shovels, rakes, loppers and tampers. Lander Field Office (307) 332-8420

Bitter Creek – Rock Springs

Plant willow cuttings to improve stream function.
Rock Springs Field Office (307) 352-0329

Muddy Mountain EEA – Casper

Fence repairs, trail work, fuel reduction projects and other minor maintenance projects. Casper Field Office (307) 261-7587

Platte River Revival – Casper

9/11/2010 Remove debris along the shore and in the water. Families with small children or individuals with special needs can plant trees and others are invited to remove Russian Olives.
Casper Field Office (307) 261-7587

Red Lake Area Clean-up – Cody

9/18/2010 Clean-up of the Red Lake (Playa) area, which is urban interface public land adjacent to Cody, Wyoming. The area is heavily used by the public for all types of recreational uses and is in need of some TLC! Cody Field Office (307) 578-5900
