/a/ Administrative State boundaries differ from geographic State boundaries. For example: California BLM administers some lands within the State of Nevada, and Montana BLM administers all public land in North Dakota and South Dakota.

/b/ Active animal unit months (AUMs): AUMs that *could* be authorized on public lands; these totals differ from AUM totals shown in the previous tables, which are AUMs authorized for use.

/c/ Suspended AUMs on public lands are not shown in previous tables because they are not authorized for use.
