

WILD HORSE AND BURRO

ADOPTION REQUIREMENTS

MINIMUM REQUIREMENTS

TO ADOPT A WILD HORSE OR BURRO

- ★ Applicant must be at least 18 years old.
- ★ Adopted animal must remain in the United States until titled. (Eligibility occurs on its 1 year anniversary.)
- ★ Applicant must have no convictions of inhumane treatment of animals or violation of the Wild Free-Roaming Horses & Burros Act.
- ★ Applicant must provide a facility with access to feed, water, and shelter. *NOTE: Facility refers to enclosed area such as corral, barn, stall, etc. Approval is not based on pasture fence height, but the height of the enclosed area.*
- ★ Applicant must have a facility that meets:
 - Minimum of 400 sq. feet of corral space per animal, i.e. 20' x 20' (untrained animals)
 - Minimum of 144 sq. feet per animal, 12' x 12' (trained animals that are exercised daily)
 - Suitable materials: pipe panels, wood post, planks (min. 1.5" thick), horse fence (V Mesh or 2" x 4" square)
 - 5' High for yearling or gentled horse of any age
 - 6' High for an ungentled horse two years or older
 - 4.5' High for a burro of any age
 - Shelter that meets the minimum requirements chart for wild horses and burros based on the state or region in which the animal resides, unless otherwise stipulated by the authorized officer
- ★ Applicant must provide a stock or horse trailer with a rear swing gate and covered top. Provided the dividers are removed or folded back, slant trailers are acceptable. Drop-ramps are acceptable if there is an additional back gate to the trailer. Two-horse trailers approved on case-by-case basis. No one-horse trailers are approved.

MINIMUM SHELTER REQUIREMENTS BY STATE

★ **CO, ID, KS, NV, NM, OK, TX, UT, WA/OR**
(east of the Cascade Mountains)

Shelter shall be available to mitigate the effects of inclement weather and temperature extremes. The requirement is at the discretion of the authorized officer and will vary dependent on the severity of weather in the region.

Example: Natural cover (tree, etc.) or man-made structure (plywood or other material on side of corral, stall, etc.)

★ **NE, WY**

Natural cover or man-made structure that provides a wind break.

Example: Tree (etc.) or structure with a side (plywood on side of corral, stall, etc.)

★ **AL, AR, AZ, FL, GA, KY, LA, MS, NC, SC, TN, VA**

Natural cover or man-made structure that provides shade.

Example: Tree (etc.) or structure with a roof (wood, metal, etc.)

★ **CA, WA/OR (west of the Cascade Mountains)**

A two-sided shelter with a roof.

Example: Structure with sides and a roof (wood, metal, etc.)

★ **AK, CT, DE, IL, IN, IA, MA, ME, MD, MI, MN, MO, MT, NH, NJ, NY, ND, OH, PA, RI, SD, VT, WV, WI**

A three-sided shelter with a roof. Heated water source (Alaska only).

Example: Structure with sides, a back and a roof (wood, metal, etc.)

*These requirements are in addition to state, county and local animal health and welfare laws and regulations for the area the animal resides.
