

GREAT AMERICAN OUTDOORS ACT

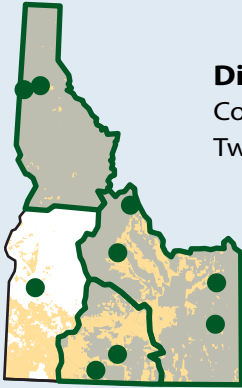

Idaho Recreation Site Repairs

Project ID: L308

Recreational Assets Project

IDAHO

District or Unit Name:

Coeur d'Alene, Idaho Falls, and Twin Falls Districts

Recreational Values: Auto touring, biking, boating, camping, environmental education, fishing, hiking, historic site, horseback riding, hunting, off-highway vehicle use, paddling, photography, picnicking, water sports, wildlife viewing

Description: This project includes recreation site maintenance and repairs across three Bureau of Land Management districts in Idaho. Work includes boat ramp and dock repairs, replacing picnic tables and fire rings, parking lot and access road maintenance, and irrigation and water system repairs. Other maintenance and safety repairs will also occur, ensuring the wellbeing of the recreating public.

GAOA Funding, Fiscal Year 2023:

\$6,377,000

Estimated Deferred Maintenance Reduction:

\$5,243,000

The complexities within the project result in a cost that is greater than the amount of deferred maintenance that will be reduced.

Total Economic Impact of Project:

Priorities Addressed:

Blackwell Island recreation site area requiring water system repairs

Killarney Lake boat launch
