RECEIVED  
PDD  
11 OCT 25 PM 2:30  
BUREAU OF LAND MGT  
PHOENIX, ARIZONA

[REDACTED]

Dear Sir:

The proposed closing to target shooters of 486,000 acres in the Sonoran Desert National Monument is wrong. Target shooting is a long recognized recreational activity. Target shooters have the same rights to recreate on public lands as any other group of recreationists. Areas can be found and designated in which shooting can safely be conducted.

Sincerely,

[REDACTED]

PHOENIX, AZ 85027
