Subject: LS-SDNM RMP shooting restrictions

Auto forwarded by a Rule

Please do not restrict target shooting in any way in the SDNM . I am an avid shooter and I visit the SDNM often esp in winter .

People that follow the rules are not the problem . The people that dont follow the rules will not go out there and shoot trash, drive off trails and roads and tear up the place no matter what restrictions you come up with .They don't follow the rules already on the books. More rules won't stop them only strict enforcement of existing rules and laws .

Please don't create more rules that restrict those of us that follow the rules and laws because of a careless and irresponsible few .

Shooting can and is done safely and cleanly throughout the Monument please don't take away our ability to it.
