Re: No Action

Dear BLM:

I am in opposition to the elimination of target shooting in the Sonoran desert.

Supervising the mixed uses stated in BLM's plan, is going to create a lot of "make work" jobs to eliminate public recreation, at the public expense, in a remote and desolate desert.

BLM administrative and law enforcement resources are better used today combating the drug and human traffic through BLM land that scares the day lights out of me and, is costing law enforcement officers their lives.

Sincerely
