Alternatives D and E

**Comment Number:** 1

**Comment Title:** Alternatives D and E

**Issue:** 10707

**Comment:**

I am in opposition to Alternatives D and E along with anyother alternative that will not allow target shooting in the planning area. This is a form of recreation that segments of the public shoud be able to enjoy on lands being managed by our tax dollars. If target shooters are leaving the area in a mess, I suggest increasing enforcement and arrest violators.
