Please do not let this land be taken from the people who respect it. I have been all around this desert since I was born and raised in Buckeye. It is so sad that we cannot go to the beautiful places any more. The places I am talking about are in the Eagetail and Humingbird Springs Wilderness. It is not right to close all the roads that went thru or went some place such as water holes, old mines and other sites I do not beleive that we need to set aside land that we cannot use, and then latter let it be destroyed by big money. Thank you, Gary and Vicki Herring Buckeye, AZ also Stephen Herring Buckeye, AZ
