

May 2018

To the extent that they exist, records of Arizona Contract Surveys (approximately 1870 to 1912) and approved Arizona Group Surveys (approximately 1910 and later) have been scanned and can be made available upon request. Contract Survey files may contain: pertinent dates, names of surveyor(s), a description of the survey, accounting information, or other similar information. Group Survey files may contain: Special Instructions, Assignment Instructions, any supplemental instructions, pertinent correspondence, photos, maps and/or diagrams, and/or other similar documents. The contents of each file varies and the previous lists are given as examples only.

If you would like to request the records of a contract or group survey, please contact the BLM Arizona Cadastral Survey Program at [blm\\_az\\_cadastral\\_services@blm.gov](mailto:blm_az_cadastral_services@blm.gov) or 602-417-9200.
