Gila and Salt River, Arizona.

ARIZONA.

BOOK 1162

No. 1162

Subdivision T. 2 S. R. 5 W.

Gila & Salt River Meridian

chains

Survey commenced December 22d. 1882 with a Burts Patent Improved Solar Compass, made by John Roach of San Francisco Cal.

Before proceeding with the survey of the subdivision lines of this Township I made a change of 5 minutes in the latitude arc of my solar compass, by subtracting same from the reading previously given, and at noon verified and corrected same by observation on the sun, I also further tested instrument by reversing, and repeated the examination of my instrument every day during the survey.
