OATH OF ASSISTANTS

We hereby certify that we assisted Walter G. Turley, Surveyor-Forest Service in surveying all those parts or portions of Homestead Entry Survey No. 97, in --surveyed Section 29, Township 14 N., Range 10 E., --surveyed Section 32, Township 14 N., Range 10 E., --surveyed Section 33, Township 14 N., Range 10 E., of the G. & S.R.R. & meridian, State of Arizona, which are represented in the following field notes as having been surveyed by him and under his direction; and that said survey has been in all respects, to the best of our knowledge and belief, well and faithfully surveyed, and the corner monuments established, according to the instructions furnished by the United States Surveyor General for Arizona.

Note: It would have been very expensive and inconvenient to appear before an officer to administer oaths to Assistants; hence, they were taken by the Surveyor.

Subscribed and sworn to before me this 23th day of December, 1904.

Charles A. Lusby
Chairman.

Surveyor-Forest Service.

OATH OF SURVEYOR

I, Walter G. Turley, Surveyor-Forest Service, do solemnly swear that, in strict conformity with the special instructions of the United States Surveyor General for Arizona, dated September 29, 1918, and under the Act of June 11, 1906, the same to be known as Homestead Entry Survey No. 97, the same to be known as G.C.O.N.O., National Forest, in --surveyed Section 29, Township 14 N., Range 10 E., and --surveyed Section 32, Township 14 N., Range 10 E., and --surveyed Section 33, Township 14 N., Range 10 E., of the G. & S.R.R. & meridian, Arizona, and the related retracements and resurveys and section subdivisions, which are represented in the following field notes as having been surveyed by me; and I further solemnly swear that all the corners of said survey have been established and perpetuated in strict accordance with the stated special instructions, and in the specific manner described in the field notes, and that the following are the original field notes of such survey.

Subscribed and sworn to before me this 23th day of December, 1904.

Walter G. Turley
Surveyor-Forest Service.
Chains. Applicant for listing, Silous Travis Hough; Application No. 75, dated July 31, 1908; List 3-163, dated April 27, 1909; H. A. No. 06416, made in the Phoenix Land Office on July 8, 1909, by Silous Travis Hough.

Surveyed under special instructions from the Surveyor General for Arizona, dated September 29, 1913 and designated as Homestead Entry Survey No. 97.

Located in Secs. 29, 32 and 33, T. 14 N., R. 10 E., Gila and Salt River Base and Meridian, within the Coconino National Forest, Arizona.

The horizontal limb having two double verniers placed opposite and reading to single minutes of arc, which is also the least graduation upon the verniers of the latitude and declination arcs.

I test the adjustments of the transit and solar attachment and make necessary corrections. The stadia is adjusted to read 1:132.

All distances are horizontal, and were reduced from measurements made on the slope with a 400 link steel tape and a Philadelphia stadia rod graduated to feet and hundredths with target verniers reading to thousandths. The slope angles were determined with a clinometer.

June 9, 1914.

At Th. 50m., a.m., l.m.t., I set off 22° 55' N. on the decl. arc and 34° 24' on the lat. arc and determine
a meridian with the solar at cor. No. 7, of H. E. S. No. 178, Hugh K. Fuller, and my line of sight falls 00° 00' 07" of measured arc, W. of the true meridian, as established by Polaris observations on June 5, 1914, and marked upon the ground by a tack in a stake set 6.00 chs. N. of the cor. Therefore I conclude that my transit is in satisfactory adjustment. Cor. No. 7, H. E. S. No. 178, Hugh K. Fuller, bears S. 00° 26' W., 7.06 chs. dist. from cor. No. 4 of this survey.

June 9, 1914.
At Sh. 15m., a.m., I set off 22° 55' N. on the decl. arc and 34° 34-1/2' on the lat. arc, and determine a meridian at the cor. to secs. 4, 5, 32 and 33, Townships 13 and 14 N., R. 10 E., G. & S. R. B. & M., which is a post 4 ins. square and 24 ins. above the ground and a mound of stone, marked and witnessed as described by the Surveyor General.

is a post 6 x 4 x 24 ins. above ground, marked and 
witnessed as described by the Forest Service. I de-
stroy all trace of the list cor. and at this point I 
set a limestone 24 x 12' x 10 ins., 14 ins. in the 
ground, over a stone marked with a cross, marked (+) 
at the point and 20 H E S 97 on the WNW. face; and raise 
a mound of stone 2 ft. base, 1-1/2 ft. high, W NW. of 
cor., from which:

A pine 20 ins. dia., scribed 20 H E S 97 + B T, 
bears N. 22° W., 142 lks. dist.
A pine 5 ins. dia., scribed 20 H E S 97 + B T, 
bears N. 52° 15' E., 49 lks. dist.

Thence N. 07° 50' W.
Over grass covered bottom, along edge of timber.
3.27 To cor. No. 1, the place of beginning.

Note: The sun was obscured at apparent noon, therefore 
a latitude observation was not possible.

**IMPROVEMENTS.**

The improvements made upon and for the benefit of this homestead consist of the following:

A two room, one story, log house, 30 x 16 ft., the long side of which bears SE. and NW. and the E. cor. of which bears S. 59° 30' W., 5.10 chs. dist. from cor. No. 2.

Value $1,000.00

A well 4 x 4 x 16 ft. deep, the center of which bears S. 72° 05' W., 4.56 chs. dist. from cor. No. 2.

Value $100.00

Approximately 1-1/2 miles of wire fence, the greater percentage of which is on the outside of the claim.

Value $150.00

There is approximately 5 acres plowed and planted.

Value $25.00

**DESCRIPTION.**

This claim is situated in Long Valley on the N. slope of the Mogollon Mesa, at an elevation of approximately 7300 ft. The land is level with a gentle North slope. There is a heavy stand of timber in this region, and a fringe is included within this survey. The soil is a black loam in character and very fertile.
There seems to be an abundance of subsoil water for
domestic purposes at a depth of from 20 to 25 ft.
Crops are raised without irrigation. I saw no indi-
cation of mineral upon this claim.

CONFLICTS AND ADJOINING CLAIMS.

Cor. No. 13 of H. E. No. 014800 of Leonard A. Rouch,
bears N. 37° 54' E., 20.09 chs. dist. from cor. No.
13 of this survey.
H. E. S. 178, Hugh K. Fuller, H. E. 014799, lies a
short distance South of this claim and cor. No. 7
thereof bears S. 09° 25' W., 7.03 chs. dist. from
cor. No. 4 of this survey.
Pine postoffice is twenty miles by trail and twenty-
eight miles by wagon road in a Southwesterly direc-
tion. Flagstaff, on the Santa Fe railroad, is
sixty-nine miles by wagon road in a Northerly direc-
tion.
