Section 35, unsurveyed, Township 11 1/2 N., Range 10 E.

of the
Gila and Salt River Base and Meridian.

ARIZONA

Survey executed by W. H. Finigan, Forest Service Surveyor.
Under special instructions dated November 8, 1913.
Survey commenced December 26, 1913.
Survey completed December 30, 1913.

Applicant for listing George Siddle.
Residence Pine, Arizona.
Application No. 68, dated August 12, 1907.
List No. 474, dated October 7, 1907.
Applicant for survey Bert Belluzzi.
Residence Pine, Arizona.
H. E. No. 012668, dated November 22, 1910.
Land district Phoenix, Arizona.
OATH OF ASSISTANTS

We hereby certify that we assisted W. H. Finigan, Forest Service Surveyor, in surveying all those parts or portions of Homestead Entry Survey No. 120, in unsurveyed Section 2, Township 11 N., Range 10 E., and unsurveyed Section 35, Township 11 1/2 N., Range 10 E., of the G. & S. R. 1/2 meridian, State of Arizona, which are represented in the following field notes as having been surveyed by him and under his direction; and that said survey has been in all respects, to the best of our knowledge and belief, well and faithfully surveyed, and the corner monuments established, according to the instructions furnished by the United States Surveyor General for Arizona.

[Signatures]

[Seal]

Subscribed and sworn to before me this 19__

OATH OF SURVEYOR

I, W. H. Finigan, Forest Service Surveyor, do solemnly swear that, in strict conformity with the special instructions of the United States Surveyor General for Arizona, dated November 8, 1913, and the laws of the United States, I have well, faithfully, and truly, in my own proper person, surveyed a tract of land upon the application of ___ embraced in List No. 474, dated October 7, 1907, for patent under the Act of June 11, 1902, the same to be known as Homestead Entry Survey No. 120, situated within the Tonto National Forest, in unsurveyed Section 2, Township 11 N., Range 10 E., and unsurveyed Section 35, Township 11 1/2 N., Range 10 E., of the G. and S.R. 1/2 meridian, Arizona, and the related retracements and resurveys and section subdivisions, which are represented in the following field notes as having been surveyed by me; and I further solemnly swear that all the corners of said survey have been established and perpetuated in strict accordance with the stated special instructions, and in the specific manner described in the field notes, and that the following are the original field notes of such survey.

[Signatures]

[Seal]

Subscribed and sworn to before me this ___ day of ___ 19__.
Chains

Applicant for listing, George Siddle; Application No. 368, dated August 12, 1907; List No. 474, dated October 7, 1907; H.E. No. 012660, dated November 22, 1910, made in Phoenix, Arizona by Bert Belluzzi.

Surveyed under special instructions from the Surveyor General for Arizona, dated November 3, 1913 and designated as Homestead Entry Survey No. 120.

This survey is located in Sec. 35, unsurveyed T. 11-1/2 N., R. 10 E. and Sec. 2 unsurveyed T. 11 N., R. 10 E. of the Gila and Salt River Base and Meridian, within the Tonto National Forest, Arizona.

This survey was executed with a W. and L. E. Gurley light mountain transit equipped with a Burt solar attachment. The distances were measured with a 200-lb. steel tape and indirectly on the slope and the slope angles determined by means of a clinometer.

The courses of this survey were deflected from the true meridian as determined by direct solar observation.

December 27, 1913:

GENERAL DESCRIPTION

This claim lies in the East Verde Valley. The tillable land consists of a series of level portions along the creek, the remainder being rough and rocky. The claim is heavily covered with brush and small timber on those parts not under cultivation. No timber of commercial value.

Water is supplied by the East Verde Creek, which is ditched to land and furnishes an abundant supply.

Land is more valuable for agricultural purposes than any other and is chiefly used for such. No mineralization was observed or known on claim.

No officially surveyed or other claims known adjoining or nearby. A millsite is said to be located about 1-1/2 miles up the East Verde Creek but I fail to identify same.

I fail to find any of the corners of listing survey excepting Cor. No. 1 which is not properly witnessed but as tied to house formerly owned by George Siddle agrees reasonably well with that given in field notes of listing survey. I conclude said Cor. No. 1 is in its original position. I, therefore, establish the corners from this point as called for by field notes of listing survey.

Survey completed December 30, 1913 by setting corners.

APPROVAL

Office of the United States Surveyor General,
Phoenix, Arizona, Dec. 18, 1914.

The foregoing field notes of Homestead Entry Survey No. 120

Bert Bulluzzi

executed by W. H. Finigan, Forest Service Surveyor under his special instructions, dated November 8, 1914, having been critically examined, and the necessary corrections and explanations made, the said field notes, and the surveys they describe, are hereby approved.

I certify that the foregoing transcript of the field notes of the above-described survey in Arizona, has been correctly copied from the original notes on file in this office.

Frank S. Ingalls
U. S. Surveyor General.
