HOMESTEAD ENTRY SURVEY NO. 477
PRESCHOOL NATIONAL FOREST
STATE OF ARIZONA

Chains Applicant for listing, J. E. Allen; Application No. 277, dated October 27, 1916.

Surveyed under special instructions from the Surveyor General for Arizona, dated May 17, 1916 and designated as Homestead Entry Survey No. 477.

Situated in what will probably be, when surveyed, Sec. 16 & 17, T. 14 N., R. 3 E., Gila and Salt River Base and Meridian, Prescott National Forest, Arizona.

Survey commenced November 29, 1916 and executed with a Buff and Buff light mountain transit No. 9703, equipped with Smith solar attachment.

I test the adjustments of the transit and make necessary corrections.

All distances are horizontal and were reduced from measurements made directly on the slope with a 500 link steel tape. The slope angles were determined with a clinometer.

November 29, 1916.

At cor. No. 1, hereinafter described, at 5h. 46m. 1m. p.m., 1m.t., I observe Polaris with telescope direct, reading an angle of 46° 12' from star to right to a reference mark about one mile distant.

Lat. 34° 35' 10" N., Long. 112° 06' 46" W., derived from U. S. G. S. topographic sheet of Jerome Quadrangle.

DESCRIPTION
This claim is located along Cherry Creek, a perennial stream which furnishes sufficient water for all purposes. About 3 acres are planted to fruit trees and farmed, and approximately 10 acres can be cultivated. The rest of the area is steep rocky hillsides, suitable for pasture land only.

The soil along the Creek bottom and draw is a sandy loam, well adapted to fruit growing.

The hillsides are covered with dense oak brush, and the bottom land along creek is covered with cottonwood, ash and black walnut.

While this claim is located in a mineralized section, I saw no evidence of mineral upon the claim.

CONFLICTS AND ADJOINING CLAIMS
There are no conflicts or adjoining claims. E. E. S. 474 and 475 are a short distance to the South.

Cherry, Arizona, the nearest post office is one-half mile to the South. Dewey, Arizona, the nearest railway station, is 15 miles in a Southwesterly direction and is reached by a good wagon road.
