OATH OF ASSISTANTS

We hereby certify that we assisted Lee C. Davis,
Surveyor - Forest Service
in surveying all those parts or portions of Homestead Entry Survey No. 489, in the State of Arizona which are represented in the following field notes as having been surveyed by him and under his direction; and that said survey has been in all respects, to the best of our knowledge and belief, well and faithfully surveyed, and the corner monuments established, according to the instructions furnished by the United States Surveyor General for Arizona.

Note: It would have been very expensive and inconvenient to appear before an Officer to administer oaths to Assistants; hence, they were taken by the Surveyor.

Subscribed and sworn to before me this 15th day of July, 1917.

Chains: Applicant for listing Eugene Hopper; Application No. 71, dated December 15, 1908; List No. 3-1124, dated February 9, 1911; H. E. O26740, made in the Phoenix Land Office on September 17, 1914 by Thomas B. McCulloch.

Surveyed under special instructions from the Surveyor General for Arizona, dated June 21, 1916 and designated as Homestead Entry Survey No. 489.

Situated in what will probably be, when surveyed, Sec. 24, T. 2 S., R. 28 E., Gila and Salt River Base and Meridian, Apache National Forest, Arizona.

Survey commenced March 24, 1917 and executed with a Buff and Buff transit No. 9702, equipped with Smith solar attachment.

I test the adjustments of the transit and make necessary corrections.

All distances are horizontal, and were reduced from measurements made directly on the slope with a 500 link steel tape. The slope angles were determined with a clinometer.

March 24, 1917.

At U. S. L. M. No. 489 H. E. S., hereinafter described, in Lat. 32° 13' 07" N., Long. 109° 26' 57" W., from Forest Service Base Map, I observe Polaris at W. Elong. at 7h. 18m. p.m., 1.m.t.

Reference mark: A light on a stake about 40.00 chs.

Northwardly of my station.

1. $1/4(14' 36' 00") = 3° 39' 00''$
2. $1/2(7' 17' 15'') = 3° 38' 38''$
