OATH OF ASSISTANTS

We hereby certify that we assisted C. A. Long in surveying all those
parts or portions of Homestead Entry Survey No. 533, in the State of Arizona which are represented in the following field notes as having been surveyed by him and under his direction; and that said survey has been in all respects, to the best of our knowledge and belief, well and faithfully surveyed, and the corner monuments established, according to the instructions furnished by the United States Surveyor General for Arizona.

Note: It would have been very expensive and inconvenient to appear before an officer to administer oaths to Assistants; hence, they were taken by the Surveyor.

OATH OF SURVEYOR

I, C. A. Long, Surveyor, Forest Service, do solemnly swear that, in strict conformity with the special instructions of the United States Surveyor General for Arizona, dated March 28, 1917, and the laws of the United States, I have well, faithfully, and truly, in my own proper person, surveyed a tract of land embraced in List No. 2-2720, dated August 11, 1915 and a tract of land upon the application of William Pierce APPLICATION No. 252, dated June 13, 1918, for LISTING AND PATENT under the Act of June 11, 1906, the same to be known as Homestead Entry Survey No. 533, situated within the Coronado National Forest, in the unsurveyed Section 8, Township 24 S, Range 19 E; and unsurveyed Section 9, Township 24 S, Range 19 E; and unsurveyed Section 16, Township 24 S, Range 19 E; and unsurveyed Section 17, Township 24 S, Range 19 E; of the Gila and Salt River Base & meridian, Arizona, and the related retracements and resurveys and section subdivisions, which are represented in the following field notes as having been surveyed by me; and I further solemnly swear that all the corners of said survey have been established and perpetuated in strict accordance with the stated special instructions, and in the specific manner described in the field notes, and that the following are the original field notes of such survey.

My Commission expires March 17, 1922.
| Chains | Applicant for listing: Wm. Pierce; Application No. 253, dated June 13, 1913; List No. 3-2720, dated Aug. 11, 1913; M. E., 029201 made in the Phoenix Land Office on February 16, 1916 by Samuel W. Lacey.
|        | Also a tract of unlisted land adjoining claimant's entry was included in this survey, the land is agricultural in character, was desired by entrymen and will be listed as a basis for amendment of his entry. This is therefore a composite survey.
|        | Surveyed under special instructions from the Surveyor General for Arizona, dated March 22, 1917, and designated as Homestead Entry Survey No. 553.
|        | Situated in what will probably be when surveyed, secs. 8, 9, 16 and 17, T. 24 S. R. 19 E., Gila and Salt River Base and Meridian, Coronado National Forest, Arizona.

Survey commenced May 18, 1917, and executed with a Buff and Buff transit No. 10520, equipped with Smith solar attachment.

I test the adjustments of the transit and make necessary corrections.

All distances are horizontal, and were reduced from measurements made directly on the slope with a 500 link steel tape. The slope angles were determined with a clinometer.

May 18, 1917.

At cor. No. 1 hereafter described, at 6th, 48th, 24th, p.m. l.m.t. I observe Polaris with telescope direct, reading an angle of 54° 28' from star to right to a lone tree on Huachuca mountains about 10 miles distant.

DESCRIPTION

The claim is located in a draw, draining in a southerly direction.

The soil in the valley is a black loam, first rate.

About 35 acres are under cultivation and produce good crops of corn, beans and forage. Approximately 60 acres of the total area can be farmed, the remainder is rocky hillsides, fit for pasture land only.

The uncultivated portion of the claim is covered with scattering oak.

There is no merchantable timber or evidence of mineral on the claim.

A dug well 70 ft. deep provides ample water for domestic use and for watering about 100 head of stock.
CONFLICTS AND ADJOINING CLAIMS

There are no conflicts.

H E S No. 296 is about 25 chs. South, H E S 299 is about 1 mile South, H E S 296 is about 1-1/2 miles West, H E S No. 297 is about 1 mile West and H E S 634 is about 3/4 mile NW.

Sunnyside, Arizona, post office is 6 miles NW and is reached by a rough wagon road.

Nogales, Arizona, the nearest railway point, is 32 miles West and is reached by a good wagon road.

APPROVAL

Office of the United States Surveyor General,
Phoenix, Arizona, April 10, 1920

The foregoing field notes of Homestead Entry Survey No. 533 executed by C. A. Long, Surveyor [Forested Service Title], under his special instructions, dated March 26, 1917, having been critically examined, and the necessary corrections and explanations made, the said field notes, and the surveys they describe, are hereby approved.

U. S. Surveyor General.

I certify that the foregoing transcript of the field notes of the above-described survey in the State of Arizona, has been correctly copied from the original notes on file in this office.

FRANK F. TROTT
U. S. Surveyor General.
