OATH OF ASSISTANTS

We hereby certify that we assisted
Surveyor - Forest Service,
(Forest Service Title)

parts or portions of Homestead Entry Survey No. 574, in the State of ARIZONA which are represented in the following field notes as having been surveyed by him and under his direction; and that said survey has been in all respects, to the best of our knowledge and belief, well and faithfully surveyed, and the corner monuments established, according to the instructions furnished by the United States Surveyor General for ARIZONA.

Note: It would have been very inconvenient and ex-
pensive to appear before an
officer to administer the
caths to assistants; hence,
they were taken by the
Surveyor.

OATH OF SURVEYOR

I, Frank D. Yost, Surveyor - Forest Service, do solemnly swear that, in strict conformity with the special instructions of the United States Surveyor General for ARIZONA, dated May 23, 1916, and the laws of the United States, I have well, faithfully, and truly, in my own proper person, surveyed a tract of land embraced in

List No. 3-1502, dated October 12, 1911, for patent, under the Act of June 11, 1906, the same to be known as Homestead Entry Survey No. 574, situated within the TOWNSHIP National Forest, in unsurveyed Section 27, Township 11 N., Range 11 E., and unsurveyed Section 34, Township 11 N., Range 11 E., of the SALT RIVER BASE & meridian, ARIZONA, and the related retracements and resurveys and section subdivisions, which are represented in the following field notes as having been surveyed by me; and I further solemnly swear that all the corners of said survey have been established and perpetuated in strict accordance with the stated special instructions, and in the specific manner described in the field notes, and that the following are the original field notes of such survey.

Frank D. Yost.
Surveyor - Forest Service.

Subscribed and sworn to before me this fifth day of

Applicant for listing, T. H. Ezell; Application 289, dated August 14, 1911; List No. 3-1502, dated October 12, 1911; H. E. 040308, made in the Phoenix Land Office on August 9, 1918, by Arthur L. Neal. List 3-1502 was made by legal subdivisions in a township which was never legally surveyed. No attempt was made to locate original list lines on the ground. This survey is therefore in the nature of a cooperative survey and will be used as a basis for substitute listing and amendment of entry. Township 11 N., R. 11 E. was surveyed under contract No. 116 by U. S. Deputy Surveyors Campbell and Oaks, dated April 18, 1904. The east boundary and subdivisions were finally rejected on January 6, 1909. The retracement of portions of south and west boundaries under this contract were accepted on same date.

The changes made in this survey are in accordance with the desires of the entryman and meet with the approval of the Forest Service. The survey as now marked upon the ground includes all possible agricultural land intended to be embraced in the original listing while excluding Forest Land. Copy of signed statement from the claimant agreeing to the changes and also agreeing to amend his entry to conform to this survey is attached at the end of these notes.

Surveyed under special instructions from the Surveyor General for Arizona, dated May 23, 1918, and designated as Homestead Entry Survey No. 574.

Situated in what will probably be when surveyed, Secs. 27 and 34, T. 11 N., R. 11 E., Gila and Salt River Base and Meridian, Tonto National Forest, Arizona. Surveyed under the Acts of June 11, 1906 and October 1, 1918.
Survey commenced April 15, 1919, and executed with a Buff and Buff transit No. 10019, equipped with Smith solar attachment.

I test the adjustments of the transit and make necessary corrections.

All distances are horizontal, and were reduced from measurements made directly on the slope with a 500 link steel tape. The slope angles were determined with a clinometer.

April 15, 1919.

At Cor. No. 1, of this survey hereinafter described, at 6h 39.5m p.m., 1.m.t., I observe Polaris with telescope direct, reading an angle of $34^\circ 01' 45''$ from star to right to a reference mark 3 miles dist.

DESCRIPTION

This claim consists mostly of flat bottom land in Lion Springs Gulch, which traverses the claim from NE. to
Chains

The soil is a sandy loam of good depth, and very fertile. About 75 per cent of the claim is suitable for agricultural purposes. Approximately 20 acres were under cultivation at the time of survey. The hillsides are rough and rocky and fit for grazing land only.

Water for domestic use is obtained from the well near the house.

I saw no evidence of mineral on the claim.

There is no merchantable timber on the claim.

CONFLICTS AND ADJOINING CLAIMS

There are no conflicts or adjoining claims.

Payson, Arizona, the nearest settlement and postoffice, is 10 miles in a westerly direction.
