OATH OF ASSISTANTS

We hereby certify that we assisted Thomas F. Myers,
Surveyor - Forest Service
in surveying all those parts or portions of Homestead Entry Survey No. 826, in the State of Arizona, which are represented in the following field notes as having been surveyed by him and under his direction; and that said survey has been in all respects, to the best of our knowledge and belief, well and faithfully surveyed, and the corner monuments established, according to the instructions furnished by the United States Surveyor General for Arizona.
Note: It would have been very expensive and inconvenient to appear before an officer to administer Oaths to Assistants; hence they were taken by the Surveyor.

GEO W. COOK
Chairman.

Subscribed and sworn to before me this 8th day of June, 1925.
Thomas F. Myers
Surveyor - Forest Service.

OATH OF SURVEYOR

I, Thomas F. Myers,
Surveyor - Forest Service,
do solemnly swear, in strict conformity with the special instructions of the United States Surveyor General for Arizona, dated March 17, 1922, and the laws of the United States, I have well, faithfully, and truly, in my own proper person, surveyed a tract of land as a basis for listing and patent

No. 826, dated June 11, 1906, for the same to be known as Homestead Entry Survey No. 826, situated within the Coconino National Forest, in the Gila and Salt River Base & meridian, Arizona, and the related retracements and resurveys and section subdivisions, which are represented in the following field notes as having been surveyed by me; and I further solemnly swear that all the corners of said survey have been established and perpetuated in strict accordance with the stated special instructions, and in the specific manner described in the field notes, and that the following are the original field notes of such survey.

Subscribed and sworn to before me this 13th day of November, 1925.

Ethel F. Myers
Notary Public.

MAY NAME EXPIRED APRIL 12, 1925.
Surveyed a tract of land as a basis for listing and patent.

Surveyed under special instructions from the Surveyor General for Arizona, dated March 17, 1922, and designated as Homestead Entry Survey No. 626.

Situated in Sec. 5, T. 17 N., R. 5 E., Gila and Salt River Base and Meridian, Coconino National Forest, Arizona.

Survey commenced June 6, 1922, and executed with a Buff and Buff transit No. 14651, equipped with Smith Solar attachment.

I test the adjustments of the transit and make necessary correction.

All distances are horizontal and were reduced from measurements made directly on the slope with a 400 link steel tape and the slope angles were determined with a clinometer.

June 6, 1923.

At my station near Cor. No. 1 of this survey, in Lat. 34°55' N., Long. 111°51'45" W., from Forest Service Base Map, at 6h 20m 34.8 p.m. 1.m.t., I observe Polaris with telescope direct, reading an angle of 0°42' from star to right to reference mark about 10 chs. northwardly of my station.

The bearing of reference mark as determined from the
mean of the two observations is N. 0°02'15" W. I accept
bearing of reference mark as N. 0°02' W., and from the
corresponding meridian all the courses of this survey
were deflected by sustained angulation.

Value ---------------- $100.00

A frame house 10x12 ft., the long sides extending NW. and SE., the S. Cor. of which bears N. 28°48' E. 2.40 chs. from Cor. No. 9.
Value  ---------------- $ 75.00.

Approximately 1/4 mile of wire fencing.
Value ---------------- $ 25.00
GENERAL DESCRIPTION

This claim is situated in Dry Creek Canyon and is comprised mainly of open bench or mesa land fringed with a heavy stand of pinon and cedar. The soil is a rich clay loam of good depth and very fertile. There is no water available for irrigation and it is not probable water can be developed on the claim. The rainfall must be depended upon to grow crops.

Approximately 80 acres of the area are suitable for agricultural purposes of which about 13 acres were under cultivation at time of survey.

Water for domestic use is hauled from a well in Dry Canyon about 3 miles northeasterly of claim.

There is quite a heavy stand of pinon and cedar along the edges of the claim, which is fit for cordwood only. I saw no indication of mineral on the claim.

CONFLICTS AND ADJOINING CLAIM

There are no conflicts or adjoining claims.

Cottonwood, Arizona, the nearest postoffice and trading point, lies about 16 miles distant in a southwesterly direction and is reached by fair wagon road.

Survey completed June 8, 1923.
