Feet.

This survey was made with a Berger transit No. 17503, with horizontal limb 5 1/8 ins. diam., having two double opposite verniers and full vertical circle 5 ins. diam., having one double vernier; the verniers read to one minute of arc; a prismatic eyepiece with colored glass was attached to the eyepiece of the transit for making direct observations upon the sun. The instrument was in good condition at the time of the survey and all adjustments were in good order.

All azimuths in the record were determined by the method of deflection angles referred to the meridian, determined by direct observation

on the sun:
Oct. 24, 1959, at cor. No. 1 of the Mesa Verde No. 4 lode, in latitude 34°19'30" N., and longitude, 110°47'35" W., turning from cor. No.4
of the Mesa Verde No. 4 lode to the sun.

True course of line 1 - 4 Mesa Verde No. 4 lode

S. 12°141 E.

The lines were measured with a Lufkin steel tape 300 feet in length, graduated every foot, the first and last foot being graduated to tenths and hundredths; the tape was compared with a Lufkin standard tape at the time of beginning the survey and found correct

tape at the time of beginning the survey and found correct.

All lines and connections of this survey were run by direct methods.

The magnetic declination observed at each corner of the survey gave a uniform value of 15° E.

the Last tell in the Made North No. 1 lode, ide tide I with the Last No. 4512 1

Form 4-688 (November 1959)

UNITED STATES DEPARTMENT OF THE INTERIOR BUREAU OF LAND MANAGEMENT

Land Office Serial Number Date

CERTIFICATE OF EXPENDITURES, IMPROVEMENTS, AND MINERAL SURVEY

Name of Claimant

Johnie G. Patrick and Zelda C. Patrick

Mineral Survey Number

4512

I HEREBY CERTIFY That the record of the above-described mineral survey furnishes such an accurate description of all claims embraced within the survey that it will, if incorporated into a patent, serve fully to identify the premises and that references are made in the survey to natural objects or permanent monuments so that the location of the claims will be perpetuated and fixed.

I FURTHER CERTIFY That the record reveals not less than \$500 worth of labor has been expended for improvements upon or for the benefit of each of the lode claims embraced within the survey and that the improvements were made by the claimant or his grantors.

Date	Signature of Office Cadastral Engineer
December 1, 1960	Lesler S. Marin

iccomer 1, 1950

INSTRUCTIONS

- Title 43 Code of Federal Regulations, Part 185, Section 42 requires that this Certificate be filed with the Manager of the Land Office by an applicant for patent at the time of filing the application or at any time within the 60 days of publication.
- If the record shows that the expenditures for improvements equal or exceed \$500 at the time of survey then this form should be attached by the Cadastral Engineer to the claimant's copy of the field notes.
- 3. If the record shows that the expenditures for improvements do not equal or exceed \$500 at the time of survey then it is the responsibility of the applicant to have this form executed by the Office Cadastral Engineer and filed with the Manager of the Land Office during the 60-day publication period.
