FIELD NOTES

OF THE SURVEY OF THE

South Boundary of

TOWNSHIP 2 SOUTH, RANGE 13 EAST,

and the

South, East and West Boundaries, and

Subdivision Lines of

TOWNSHIP 3 SOUTH, RANGE 13 EAST,

Of the Gila and Salt River Base and Meridian,

In the State of Arizona.

EXECUTED BY

Roy J. Gill.

In the capacity of U. S. Surveyor, under Special Instructions dated February 4., 1916 issued by the United States Surveyor General to govern surveys included in Group No. 71, which were approved by the Commissioner of the General Land Office, February 12., 1916, and Assignment Instructions dated November 11, 1916

Survey commenced December 6., 1916.

Survey completed March 7., 1917.

Surveys executed by Roy J. Gill, U. S. Surveyor, on the dates shown on the above diagram.

Chains.

Surveys hereinafter described executed by Roy J. Gill, U.S. Surveyor, on dates shown on date diagram on page 1 hereof, using a Buff and Buff transit No. 7732, with Smith solar attachment. The horizontal limb is provided with two double verniers, placed opposite, each reading to single minutes of arc, which is also the least count of the verniers of the latitude and declinations arcs.

Examine the adjustments of the transit, and correct the level and collimation errors; then, to test the solar apparatus by comparing its indications with a meridian obtained by direct solar observation, and in order to use the same meridian upon which to initiate the survey, make the following observation on the Sun at the cor. of Ts. 3 and 4 S., Rs. 13 and 14 E., in lat. $33^{\circ}07'03''$ N., long. $110^{\circ}57'26''$ W.

	Hor. Angle	Vert. Angle	Time
(1) 	$31^{\circ}55'$	$21^{\circ}9'30''$	3h.05m. 20s
(6) 	<u>$33^{\circ}23'$</u>	<u>$19^{\circ}58'$</u>	3h 10m 05s
Dec. 5th, 1916.			
(2) 	$32^{\circ}38'$	$21^{\circ}02'30''$	
(5) 	<u>$32^{\circ}36'$</u>	<u>$20^{\circ}07'$</u>	
(3) 	$32^{\circ}10'$	$20^{\circ}59'$	
(4) 	<u>$32^{\circ}59'$</u>	<u>$20^{\circ}14'$</u>	

True bearing of reference point = $S.10^{\circ}25'30''$ W.

Other direct solar observations were made from time to time to check the alinement, and the corrections made when necessary. The lines were projected by fore and back sight when practicable.

Survey of South bdy. of Township 3 South, Range 13 East.

The original cor. of Ts. 3 and 4 S., Rs. 13 and 14 E. is a palo verde post, faintly marked with 6 notches on each of N., S., E. and W. edges. No bearing trees. No trace or original pits. Slight trace of old mound of earth is visible.

Alongside the old stake, set an iron post, 3 ft. long, 3 ins. in diam., 18 ins. in the ground, and supported in a mound of stone for reestablished cor. of Ts. 3 and 4 S., Rs. 13 and 14 E., marked on brass cap,

GENERAL DESCRIPTION.

This township has a broken and mountainous surface, with a gravelly and rocky soil, 3rd and 4th rates, unsuitable for cultivation. There is no timber. A scattering undergrowth of catchlaw, buck brush, scrub oak and palo verde, ocotillo and cactus is prevalent in all parts. There is a permanent flow of water in Mineral Creek, which crosses the township from north to south and drains the eastern half thereof into the Gila River which flows west about one mile south from the south boundary of this township. The mountains form part of the range known as the Pinal Mountains. The prosperous copper mining town of RAY centers in section 14 and extends into sections 10 and 11, with a population of about 1000. This town is joined on the southwest by the town of SONORA occupying the southwest quarter of section 14, with a population of about 5000, mostly Mexicans. The town of RAY is the center of one of the largest copper camps in the world and is the present terminus of the Ray and Gila Valley Ry., which connects at KELVIN, about 5 miles south, with the Arizona and Eastern Ry. (Phoenix to Christmas). The towns mentioned and a house and barn in section 36 constitute the only improvements. The township is only of value for the mineral deposits, there being about 150 patented lode mining claims therein.

CERTIFICATE OF UNITED STATES SURVEYOR.

BOOK 3391

I, Roy J. Gill, U. S. Surveyor, hereby certify upon honor that, in pursuance of special instructions received from the U. S. Surveyor General, for Group 71, Arizona, bearing date of the fourth day of February, 1916, I have well, faithfully, and truly in my own proper person, and in strict conformity with said instructions, the Manual of Surveying Instructions, and the laws of the United States, surveyed all those parts or portions of the South Boundary of Township 2 South, Range 13 East, and the South, East and West Boundaries and Subdivision Lines of

TOWNSHIP 3 SOUTH, RANGE 13 EAST,

of the Gila and Salt River Base and Meridian, in the State of Arizona, which are represented in and diagram on page 1 hereof, the foregoing field notes as having been executed by me, and under my direction; and that all the corners of said survey have been established and perpetuated in strict accordance with the Manual of Surveying Instructions, and the special written instructions of the U. S. Surveyor General, for Group 71, Arizona, and in the specific manner described in the field notes, and that the foregoing are the original field notes of such survey.

Phoenix, Arizona, July 5, 1920. Roy J. Gill (deceased) U. S. Surveyor. by [Signature] Ass't. Supervisor of Surveys District No. 5. APPROVAL.

OFFICE OF THE UNITED STATES SURVEYOR GENERAL,

Phoenix, Arizona, February 7, 1921.

The foregoing field notes of the survey of the South Boundary of Township 2 South Range 13 East, and the South, East and West Boundaries and Subdivision Lines of

TOWNSHIP 3 SOUTH, RANGE 13 EAST,

of the Gila and Salt River Base and Meridian, in the State of Arizona,

executed by Roy J. Gill, U. S. Surveyor under his special instructions dated February 4, 1916 for Group 71, Ariz, having been critically examined, and the necessary corrections and explanations made, the said field notes, and the surveys they describe, are hereby approved.

[Signature] U. S. Surveyor General.

I certify that the foregoing transcript of the field notes of the above described surveys in [Signature], has been correctly copied from the original notes on file in this office.

U. S. Surveyor General.
