## CHAINS

The following field notes are those of the dependent resurvey of a portion of the north boundary and a portion of the subdivisional lines, and the metes-and-bounds survey of the North Maricopa Mountains Wilderness Area Boundary, in Township 4 South, Range 2 West, Gila and Salt River Meridian, Arizona.

The history of surveys pertaining to this dependent resurvey and survey is as follows: The north boundary was surveyed by W. H. Thorn, W. G. Shapcott and W. K. Kierulff in 1915-16. The south boundary and subdivisional lines were surveyed by Louis D. Gilbert in 1970.

The survey was executed in accordance with the specifications as set forth in the Manual of Surveying Instructions, 1973, and the Special Instructions dated October 21, 1993, for Group No. 762, Arizona.

Preliminary to the resurvey, the lines of the original survey were retraced and search was made for all corners and other calls of the record. Identified corners were remonumented in their original positions; lost corners were restored and monumented at proportionate positions based on the original record. The retracement data were thoroughly verified and only the true line field notes are given herein.

The directions of all lines were determined by direct hour angle observations on the sun, and refer to the true meridian. Distances and angles were measured with a Lietz Set 2B II total station.

The geographic position of the cor. of secs. 5, 6, 31, and 32, on the south boundary of the township, as determined from a tie made to U.S. Geological Survey triangulation station "ESTRELLA 1936", located in the southwest quarter of section 33, Township 4 South, Range 2 West, is as follows:

Latitude: 33°01'44.71" N. Longitude: 112°29'41.76" W. NAD 27

The mean magnetic declination as taken from quadrangle map COTTON CENTER SE, ARIZ., published in 1973 by U.S. Geological Survey, is 13 1/2° E.

CERTIFICATE OF SURVEY

I, Olian T. Shockley, Cadastral Surveyor, HEREBY CERTIFY upon honor that, in pursuance of Special Instructions bearing date of the 21st day of October, 1993, I have dependently resurveyed a portion of the north boundary and a portion of the subdivisional lines, and conducted a metes-and-bounds survey of the North Maricopa Mountains Wilderness Area Boundary, in Township 4 South, Range 2 West, of the Gila and Salt River Meridian, in the State of Arizona, which are represented in the foregoing field notes as having been executed by me and under my direction; and that said survey has been made in strict conformity with said special instructions, the Manual of Instructions for the Survey of the Public Lands of the United States, and in specific manner described in the foregoing field notes.
