This type of criteria selection provides the option between using an operator (such as “begins with”), an optional not, (to state that the code does not “begin with” the entry) and two text fields to enter all or part of the casetype code or text name. Select multiple by placing a comma between the entries.

OR

Select the casetype value from the list box. Select multiple by holding down the Ctrl key to select non-sequential criteria or holding down the Shift key and selecting sequential criteria.

Identify the Optional Information:

6. Click **Set** for **Geo State** to limit search within the admin state to a smaller area.

If an Admin State has been selected, only the geo states associated with the admin state appear in the Geo State selection box. If the Admin State has not been selected yet, all states appear in the selection box.

Enter the two-letter state code(s) in the text field or select from the list box.

7. Click **Set** for **County** and narrow down the state search to one or more specific counties.

The counties that display in the list box are those associated with the selected admin state and geographic state (if identified).

This type of criteria selection provides the option between using an operator (such as “begins with”), an optional not, (to state that the code does not “begin with” the entry) and two text fields to enter all or part of the county code or county text name. Select multiple by placing a comma between the entries.

OR

Select the casetype value from the list box. Select multiple by holding down the Ctrl key to select non-sequential criteria or holding down the Shift key and selecting sequential criteria.

8. Click **Set** for **Case Disposition**.

Enter the numeric case disposition code or select the desired case disposition(s). Select multiple by holding down the Ctrl key to select non-sequential criteria or holding down the Shift key and selecting sequential criteria

9. Click **Set** for **Disposition Date** to identify the date range for the disposition.

This type of criteria selection uses an operator (such as “between”) and a text field to enter a date.

- a. Enter a date in the text field.
- b. Click ✓ to place the name in the criteria list box, or X to remove the entered information from the text field.

- c. Add additional dates, as needed.
- d. Click **Select All** to use all entries as criteria. (Click Remove to remove an entry from the list box.)

10. Click **Set** for **District**.

The values displayed in the selection box are based on the selected administrative state and geographic state codes. Selection for these criteria works the same way as the County criteria.

Use an operator (such as “begins with”), an optional not, (to state that the code does not “begin with” the entry) and two text fields to enter all or part of the code or district text. Select multiple by placing a comma between the entries.

OR

Select the District value from the list box. Select multiple by holding down the Ctrl key to select non-sequential criteria or holding down the Shift key and selecting sequential criteria.

11. Click Set for **Resource Area**.

Selection for these criteria works the same way as the County criteria.

12. Click Set for **Admin Agency**.

Selection for these criteria works the same way as the County criteria.

13. Click **Set** for **Commodity Code**.

Use an operator (such as “begins with”), an optional not, (to state that the code does not “begin with” the entry) and the text field to enter all or part of the commodity code. Select multiple by placing a comma between the entries.

OR

Select the commodity code value from the list box. Select multiple by holding down the Ctrl key to select non-sequential criteria or holding down the Shift key and selecting sequential criteria.
