Dear Interested Party:

*

As you may already know, the 2001 Record of Decision and Standards and Guidelines for the Amendments to the Survey and Manage, Protection Buffer, and other Mitigation Measures Standards and Guidelines (2001 ROD) has been reinstated by Judge Pechman in the lawsuit, Northwest Ecosystems Alliance, Civ. No 04-844, Western District of Washington (January 9, 2006). In ordering the reinstatement of the 2001 ROD, the Court also ordered that before any project could go forward, it must be in compliance with the 2001 ROD, as modified as of March 21, 2004.

Therefore, I have reviewed the following projects on the **NAME** District/Forest and have determined that they are in compliance with the 2001 ROD as modified:

- 1.
- 2.
- 3.

Attached here (optional language: Available for your review upon request) are compliance forms that my staff has completed and I have signed to ensure that the survey and manage species have been managed in accordance with the 2001 ROD. If you have concerns, please contact me at XXX-XXX-XXXX or *email*,

Sincerely,
