What are your values and your vision for the Planning Area?

California Desert District - Needles Field Office Mojave Trails National Monument Management Plan

Scenic Value

I value these places for attractive scenery, sites, and vistas.

Tell us your favorite scenic vistas! Tell us where you got that special shot!

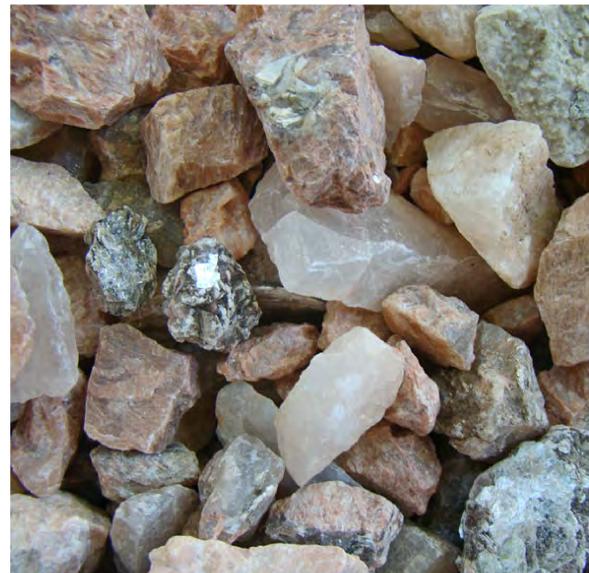

Recreation\Tourism Value

I value these places because they provide recreation and tourism opportunities.

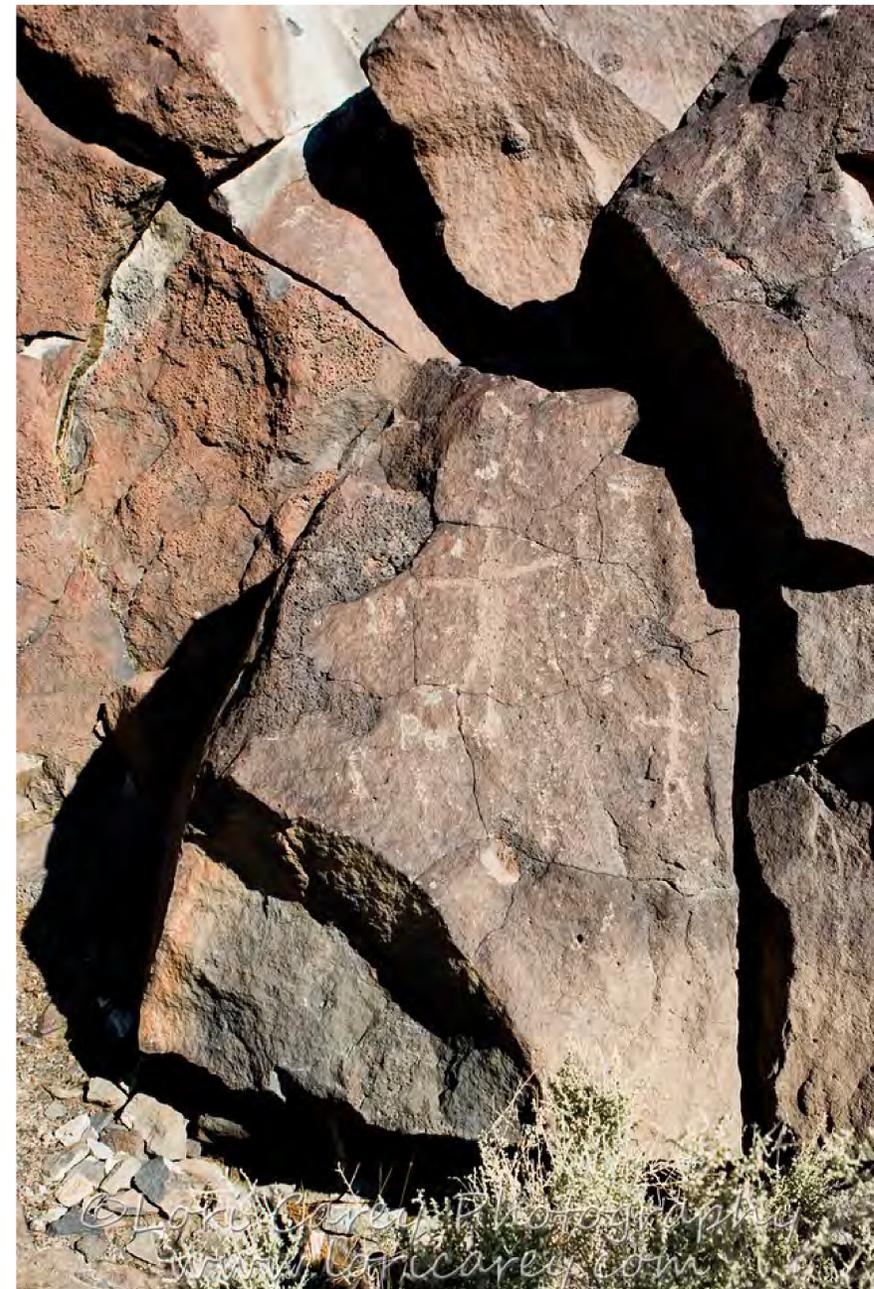

Tell us where you like to go and what you like to do!

Education/Research Value

I value these places because we can use them to learn about the natural and human environment.

Tell us those portions of the planning area you find valuable for education and research.

Natural Resource Value

I value these places because they help produce, preserve, and renew air, soil, and water.

Tell us where these life-sustaining elements are produced, preserved, or renewed.

Biological Value

I value these places because they have important biological resources.

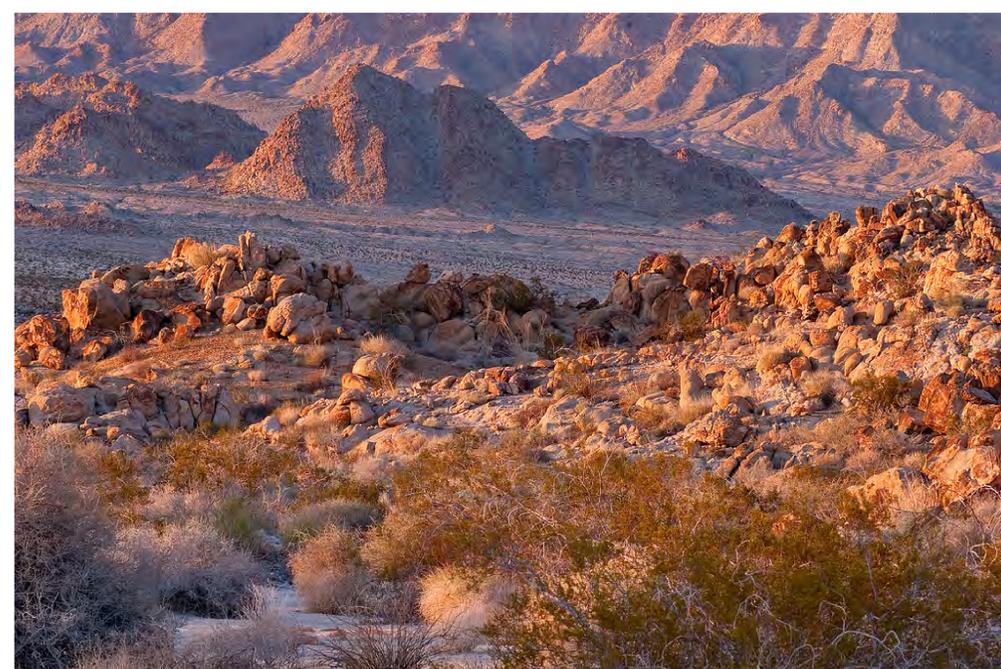

Tell us where there are special populations of wildlife or vegetation.

Spiritual or Therapeutic Value

I value these places because they are spiritually special to me or because they make people feel better physically/mentally.

Identify areas where you renew yourself, mind, body and soul.

Wilderness Value

I value these places because they possess wilderness character or solitude.

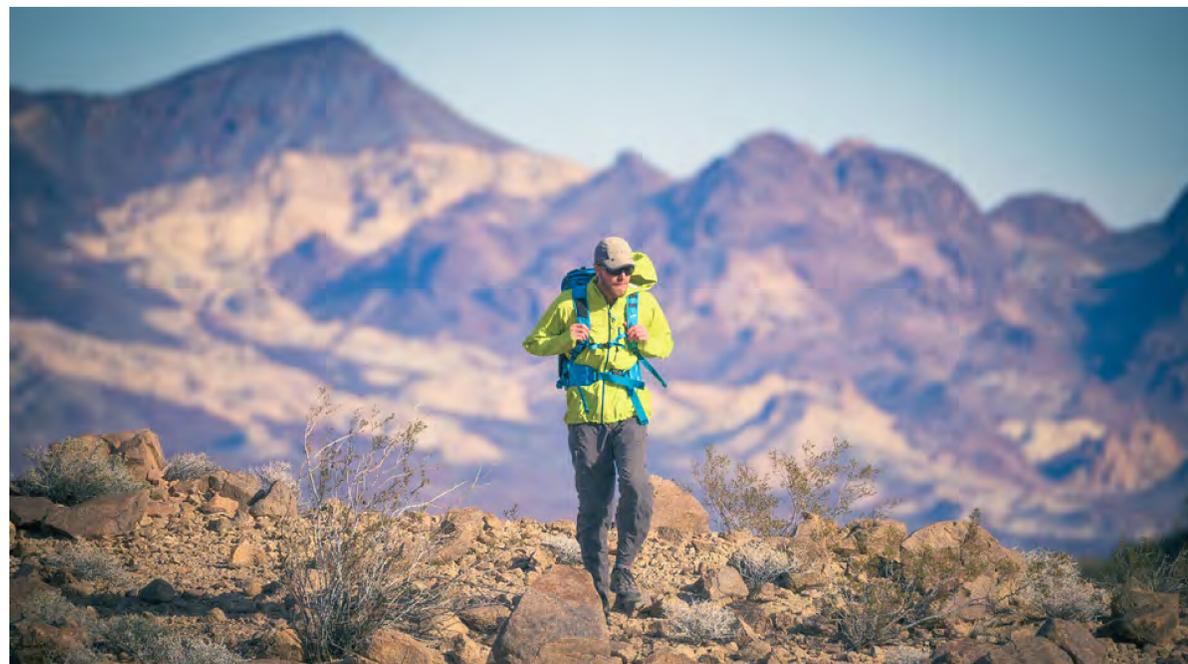

Tell us those portions of the planning area where you find pristine or representative of wilderness values.

Future Value

I value these places because they allow future generations to know and experience them as they are now.

Tell us those portions of the planning area where you perceive value to future generations to know and experience them as they are now.

Cultural Value

I value these places because they have human history.

Identify areas that have cultural or heritage value for you.

Economic Value

I value these places for economic benefits such as tourism or other commercial activities.

Identify important economic values in the planning area. Examples may include:

- Tourism
- Mining
- Recreation
- Grazing
- Rights-of-Way
- Research
