Trail Safety Tips

Be prepared. Recommended items to take: plenty of water and food, sturdy shoes, hat, sunscreen and a first aid kit. **Be aware.** Summer temperatures in the lower gorge can be very warm and lightning storms frequent. Swimming in the river is dangerous; currents are strong and water is cold. Let someone know where you are going, do not hike alone.

Use caution during hunting season. **Please respect public, private and tribal lands. Leave no trace. Pack it in, Pack it out**
